

W.I.S.E. – SSE 50 China Tracker[®]
a sub-fund of the World Index Shares ETFs
(stock code : 03024)

PROSPECTUS

25 April 2023

IMPORTANT : If you are in doubt about the contents of this Prospectus, you should seek independent professional financial advice.

Application has been made to The Stock Exchange of Hong Kong Limited (“SEHK”), for listing of and for permission to deal in the units of the SSE 50 China Tracker[®]. Units are neither listed nor dealt on any other stock exchange and no application for such listing or permission to deal is being or will be sought as at the date of this Prospectus.

The SEHK, the Securities and Futures Commission (“SFC”) and the Hong Kong Securities Clearing Company Limited take no responsibility for the contents of this Prospectus, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this Prospectus.

IMPORTANT INFORMATION FOR INVESTORS

Investors should note that an investment in the W.I.S.E. – SSE 50 China Tracker[®] (the “Sub-Fund”) is not the same as an investment in the underlying A Shares of the SSE 50 Index. At present, the Sub-Fund invests, and has direct access to, certain eligible A Shares via the Shanghai-Hong Kong Stock Connect (as defined in “Definition” section on page 10). The Sub-Fund’s returns may deviate from the SSE 50 Index due to factors such as the need for the Manager to adopt a representative sampling strategy, the fees and expenses of the Sub-Fund and currency conversion costs caused by the fact that the price of the constituent stocks of the SSE 50 Index is denominated in RMB whilst the base currency of the Sub-Fund may be in Hong Kong dollars. Investors’ attention is drawn to the “Investment Strategy of the Sub-Fund” section on page 16. Investors should also read the “Risk Factors” section on pages 17 to 32 carefully.

It is possible that the Units in the Sub-Fund may trade at a premium or at a discount to the Net Asset Value of the Units. Investors’ attention is drawn to paragraph (p) of the “Risk Factors” section on pages 25 to 26.

On 14 November 2014, the Ministry of Finance of the PRC, the State Administration of Taxation of the PRC and the CSRC issued “Caishui [2014] No. 79 - The Circular Concerning the issue of temporary exemption from the imposition of capital gain tax arising from gains from the transfer of equity investment assets such as PRC domestic shares by QFII and RQFII” (“Circular 79”).

Pursuant to Circular 79, effective from 17 November 2014, capital gains derived by a QFII or RQFII (i.e. QI under the QI Rules and Regulations) from trading of A Shares will be temporarily exempt from withholding tax provided that the capital gains are not effectively connected with any permanent establishment (if any) that the then QFII or RQFII (or currently the QI) has in China; such exemption, however, will not apply to capital gains derived by the then QFII or RQFII from transactions prior to 17 November 2014.

Pursuant to “Caishui [2014] No. 81 – The Circular on Issues Relating to the Tax Policy of the Pilot Inter-connected Mechanism for Trading on the Shanghai and Hong Kong Stock Markets” (“Circular 81”), effective from 17 November 2014, Hong Kong market investors, both enterprises and individuals, investing in A Shares via Shanghai-Hong Kong Stock are temporarily exempted from income tax on capital gains derived from the sales of A Shares traded in Shanghai Stock Exchange.

According to Circular 81, the latest Capital Gain Tax (as referred to in Appendix IV) provisioning approach is as follows:

Based on professional and independent tax advice, the Sub-Fund currently will not set aside any Capital Gain Tax provision derived from the gains from trading of A Shares that are SSE Securities (as defined in the “Definitions” section on pages 10 to 11) via the Shanghai-Hong Kong Stock Connect.

In respect of the Sub-Fund's investments in the AXP's (when it was a synthetic ETF) up to and including 16 November 2014, all the then AXP issuers had determined, agreed and settled with the Sub-Fund the relevant Capital Gain Tax liabilities by the mid-June 2016.

The Sub-Fund is the ultimate party which bears the risks relating to the PRC tax liability. The Manager will assess the Capital Gain Tax provisioning approach on an on-going basis.

Also, the Sub-Fund in investing in A Shares that are SSE Securities directly via Shanghai-Hong Kong Stock Connect would be subject to a Distribution Tax of 10% (as referred to in Appendix IV) on all cash dividends payment, distributions or cash proceeds which were referable to dividends or distributions arising from the A Shares. Pursuant to Circular 81, dividends from A Shares paid to Hong Kong market investors who invested in A Shares via Shanghai-Hong Kong Stock Connect, both enterprises and individuals, will continue to be subject to a withholding tax of 10%, and which is to be withheld at source. There is no assurance that the rate of the withholding tax will not be changed by the relevant PRC tax authority in the future.

Any future changes in the taxation policies in respect of the Sub-Fund's investment in A Shares in the PRC will impact on the Sub-Fund's returns. Investors' attention is drawn to paragraph (u) of "Risk Factors" section on pages 26 to 28. Prospective investors should consult their independent tax advisors regarding the possible implications of capital gain tax on an investment in the Sub-Fund.

This Prospectus has been prepared in connection with the offer in Hong Kong of Units in the Sub-Fund, a sub-fund under the umbrella fund, World Index Shares ETFs (the "Fund"), and managed by **BOCI-Prudential Asset Management Limited** (the "Manager").

The directors of the Manager accept full responsibility for the accuracy of the information contained in this Prospectus as being accurate at the date of publication and for the accuracy and fairness of the opinions expressed, and confirm that this Prospectus includes particulars given in compliance with the Rules Governing the Listing of Securities on the Stock Exchange of Hong Kong Limited and the Code on Unit Trusts and Mutual Funds for the purposes of giving information with regard to the Units of the Sub-Fund and that, having made all reasonable enquiries, the directors confirm that, to the best of their knowledge and belief, as at the date of publication, the information contained in this Prospectus is true, accurate and complete in all material aspects and not misleading; there are no other matters the omission of which would make any statement in this Prospectus misleading, whether of fact or opinion; any inferences that might reasonably be drawn from any statement in this Prospectus are true and are not misleading; and all opinions and intents expressed in this Prospectus have been arrived at after due and careful consideration and are founded on bases and assumptions which are fair and reasonable.

Neither the delivery of this Prospectus or the latest available Product Key Facts Statement nor the offer or issue of Units in the Sub-Fund shall under any circumstances constitute a representation that the information contained in this Prospectus is correct as of any time subsequent to such date. This Prospectus and the Product Key Facts Statement may from time to time be updated. Intending applicants for Units of the Sub-Fund should ask the Manager if any supplements to this Prospectus or any later Prospectus or later Product Key Facts Statement have been issued. Investors should note that any amendment or addendum to this Prospectus and/or the Product Key Facts Statement will only be posted on the Manager's website (www.boci-pru.com.hk/english/etf/intro.aspx (for English), or www.boci-pru.com.hk/chinese/etf/intro.aspx (for Chinese)). The Manager's website has not been reviewed by the SFC.

Distribution of this Prospectus must be accompanied by a copy of the latest available Product Key Facts Statement, the latest available annual report and accounts of the Fund and any subsequent interim report. Units are offered on the basis only of the information contained in this Prospectus, the latest available Product Key Facts Statement, and (where applicable) the above-mentioned annual reports and accounts and interim reports. Any information given or representations made by any dealer, salesman or other person and (in either case) not contained in this Prospectus or the latest available Product Key Facts Statement should be regarded as unauthorized and accordingly must not be relied upon.

The Fund and the Sub-Fund have been authorized by the SFC in Hong Kong. SFC authorization is not a recommendation or endorsement of the Fund or the Sub-Fund and nor does it guarantee the commercial merits of the Fund or the Sub-Fund or their performance. It does not mean the Fund or the Sub-Fund is suitable for all investors nor is it an endorsement of the Fund or the Sub-Fund's suitability for any particular investor or classes of investor. The SFC takes no responsibility for the financial soundness of the Fund and the Sub-Fund or for the accuracy of any of the statements made or opinions expressed in this Prospectus.

No action has been taken to permit an offering of units or the distribution of this Prospectus (or any Product Key Facts Statement) in any jurisdiction other than Hong Kong where action would be required for such purposes. Accordingly, this Prospectus and the Product Key Facts Statement may not be used for the purpose of an offer or solicitation in any jurisdiction or in any circumstances in which such offer or solicitation is not authorized.

In particular:

- (a) Units in the Sub-Fund have not been registered under the US Securities Act of 1933 (as amended) and, except in a transaction which does not violate such Act, may not be directly or indirectly offered or sold in the US, or any of its territories or possessions or areas subject to its jurisdiction, or for the benefit of a US Person (as defined in Regulation S under such Act) ("**US Person under Regulation S**").
- (b) The Sub-Fund has not been and will not be registered under the US Investment Company Act of 1940 as amended.
- (c) Units in the Sub-Fund may not, except pursuant to a relevant exemption, be acquired or owned by, or acquired with the assets of an ERISA Plan. An "ERISA Plan" is any retirement plan subject to Title 1 of the US Employee Retirement Income Securities Act of 1974, as amended or any individual retirement account plan subject to section 4975 of the US Internal Revenue Code of 1986, as amended ("**IRC**").

The Manager shall have the power to impose such restrictions and take such actions as the Manager may think appropriate for the purpose of ensuring that no Units are acquired or held by an Unqualified Person (as defined in the "Definitions" section on page 12).

Such actions may include (but are not limited to) refusing new subscriptions from an Unqualified Person, compelling mandatory redemptions of Units held directly, beneficially, or indirectly by an Unqualified Person, and deducting or withholding such amounts from the redemption proceeds as may be required for compliance purposes, provided that (i) any action so taken is permitted by applicable laws and regulations; and (ii) the Manager is acting in good faith and on reasonable grounds.

The Manager has the power in its discretion to declare that a group or category of persons shall be considered as Unqualified Persons.

US Person restrictions

The Manager has declared that Reportable Persons under FATCA (as defined in the “FATCA” sub-section) and US Persons under Regulation S are Unqualified Persons who are not permitted to own Units.

Foreign Account Tax Compliance Act (“FATCA”)

The US enacted FATCA in 2010. FATCA requires Foreign Financial Institutions (“**FFIs**”) to report details of Specified US Persons (as defined below) holding or controlling offshore financial assets to the US Internal Revenue Services (the “**IRS**”). Since 1 July 2014, FFIs that do not comply with FATCA may be subject to US withholding tax of 30% on certain income from US investments and on their gross proceeds from US investments and also potentially revenues from other non-US investments (“**FATCA Withholding**”).

In 2014, the government of Hong Kong and the US signed a Model 2 Intergovernmental Agreement (“**IGA**”) for implementation of the FATCA by FFIs in Hong Kong.

The Sub-Fund is an FFI in Hong Kong. It must comply with the provisions of FATCA under the IGA, including the requirements to conduct due diligence and obtain certain information from its Unitholders in order to ascertain their US tax status. The Sub-Fund is a Registered Deemed-Compliant FFI (within the meaning of the IGA), which means that a sponsoring entity performs all of the Sub-Fund’s FATCA obligations, including due diligence, withholding, reporting and other requirements. The sponsoring entity shall have all the powers and rights of the Sub-Fund in relation to carrying out the Sub-Fund’s obligations under FATCA. All references to the Sub-Fund in relation to FATCA in this Prospectus shall include the sponsoring entity.

If a Unitholder (or a controlling person of certain entity Unitholder) is a Specified US Person (as defined below in this section), the Sub-Fund will report information of this person to the IRS.

Additional information may be required by the Sub-Fund, the Manager, the Custodian, their agents or service providers from Unitholders and controlling persons of certain entity Unitholders in order to comply with the Sub-Fund’s obligations under FATCA. The applicable FATCA rules may change. Unitholders should contact their own tax advisers regarding the application of FATCA to their particular circumstances. For further information of FATCA you can visit the IRS website at www.irs.gov/businesses/corporations/foreign-account-tax-compliance-act-fatca. This website has not been reviewed by the SFC.

A “**Reportable Person under FATCA**” is defined as follows:

1. A Specified US Person within the meaning of the IGA and the Treasury Regulations under the FATCA as set forth in Sections 1471 through 1474 of the IRC. Subject to some exceptions, this term generally includes any US Person as defined in Section 7701(a)(30) of the IRC and the regulations thereunder, including a US citizen or resident individual, a partnership or corporation organized in the United States or under

the laws of the United States or any state thereof, and a US domestic trust.

2. A Passive Non-Financial Foreign Entity (“**Passive NFFE**”) with Controlling Persons (within the meaning of the IGA) who are “Specified US Person(s)”.

In addition, accounts held by non-participating financial institutions shall be treated as accounts for which aggregate payments are required to be reported under an FFI Agreement.

If Unitholders are in any doubt as to their status as Reportable Persons under FATCA, they should consult their legal or taxes adviser.

If, subsequent to a Unitholder’s investment, the Unitholder becomes a Specified US Person or any other Unqualified Person holds Units, such Unitholder will (i) be restricted from making any additional subscriptions and (ii) as soon as practicable have its Units compulsorily redeemed (provided that (i) any action so taken is permitted by applicable laws and regulations; and (ii) the Manager is acting in good faith and on reasonable grounds). Please see the “Compulsory Redemptions under Certain Circumstances” sub-section below for more information.

The Sub-Fund may:

- (a) completely redeem the holding of a Unitholder (at any time upon any or no notice) ; or
- (b) reject an investor’s application for subscription of Units; or
- (c) withhold on amounts otherwise distributable to a Unitholder; or
- (d) compel a Unitholder to sell his or her or its interest

if the Unitholder fails to provide the Sub-Fund with the necessary information upon request to satisfy relevant requirements under any applicable local or foreign laws and regulations issued by regulatory or governmental authorities of relevant jurisdiction, including but not limited to FATCA and AEOI (as defined in the AEOI sub-section) obligations.

To comply with FATCA, the Sub-Fund will disclose to the IRS the name, address, taxpayer identification number and financial account information, and other information as required under FATCA relating to any Specified US Persons who own or control, either directly or indirectly through a Passive NFFE, an interest in reportable financial accounts.

Potential applicants for Units in the Sub-Fund should consult with their own tax advisors regarding (a) the possible tax consequences including but not limited to the possible implications of FATCA on them and the Sub-Fund, (b) the legal requirements and (c) any foreign exchange restrictions or exchange control requirements which they might encounter under the laws of the countries/regions of their incorporation, citizenship, residence or domicile and which might be relevant to the subscription, holding or disposal of Units in the Sub-Fund. Investors should not treat the contents of this Prospectus as advice relating to legal, taxation, investment or any other matters and are recommended to consult their own professional advisers in advance of any acquisition, holding or disposal of Units.

Automatic Exchange of Financial Account Information (“AEOI”)

For the purposes herein, “AEOI” includes:

- (a) the Organisation for Economic Co-operation and Development (“**OECD**”) Standard for Automatic Exchange of Financial Account Information in Tax Matters – the Common Reporting Standard (the “**CRS**”) and any associated guidance;
- (b) any intergovernmental agreement, treaty, regulation, guidance, standard or other agreement between the Hong Kong government (or any government body in Hong Kong) and any other jurisdiction (including any government bodies in such jurisdiction), entered into in order to comply with, facilitate, supplement or implement the legislation, regulations, guidance or standards described in (a) above; and
- (c) any legislation, regulations or guidance in Hong Kong that give effect to the matters outlined in (a) to (b) above.

Under the Inland Revenue Ordinance (Cap. 112) (“**IRO**”), reporting financial institutions (“**FIs**”) resident in Hong Kong including the Sub-Fund must collect information relating to residents of reportable jurisdiction holding financial accounts, report such information to the Hong Kong Inland Revenue Department (“**IRD**”), which will share such information with the jurisdiction(s) in which the relevant account holder are a resident for tax purpose. Further information about AEOI is available on the IRD website (www.ird.gov.hk/eng/tax/dta_aeoi.htm). This website has not been reviewed by the SFC.

The Sub-Fund must comply with the requirements of AEOI in Hong Kong, which means that Sub-Fund and/or the Manager, the Trustee and their associated or affiliated companies, connected persons, delegates, contractors, authorised agents or service providers (collectively, the “**Relevant Agents**”) shall conduct the required due diligence obligations and report to the IRD information of reportable account holder and controlling persons.

AEOI rules as implemented by Hong Kong require the Sub-Fund to, amongst other things: (i) register the Sub-Fund’s status as an FI with the IRD; (ii) conduct due diligence on its accounts (i.e. the Units) to identify whether any such accounts are considered Reportable Accounts (as defined in Section 50A of the IRO), which are held or controlled by Reportable Persons (as defined in Section 50A of the IRO) for AEOI purposes; and (iii) report to the IRD the information of such Reportable Persons and Reportable Accounts. The IRD will transmit information of Reportable Persons and Reportable Accounts to the government authorities of the relevant jurisdictions with which Hong Kong has entered into an AEOI exchange relationship. Information including (but not limited to) Reportable Persons’ name, date of birth, place of birth, address, jurisdiction of residence, taxpayers identification number, account details, account balance/value, and income or sale or redemption proceeds, will be reported to the IRD and subsequently exchanged with government authorities in the relevant jurisdictions of tax residence.

By investing in the Sub-Fund or continuing to invest in the Sub-Fund, the Unitholders acknowledge that they may be required to provide additional information to the Sub-Fund and/or the Relevant Agents. The failure of a Unitholder to provide any requested information may result in the Manager and/or the Relevant Agents taking any action and/or pursue remedies at their disposal including, without limitation, reporting the relevant account information of the

Unitholder pursuant to the AEOI rules, refusing new subscriptions from the Unitholder, compelling mandatory redemptions of Units held by the Unitholder, and deducting or withholding such amounts from the redemption proceeds as may be required for compliance purposes, provided that any action so taken shall not be prohibited by law.

Each Unitholder and prospective investor should consult its own professional advisor(s) on the administrative and substantive implications of AEOI on its current or proposed investment in the Sub-Fund.

Personal Data or Confidential Information

- (1) Personal Data or Confidential Information (including information necessary to ascertain tax status, information for reporting of tax withholding and details of transaction) provided by a Unitholder (in any form or certification or otherwise) will be used, shared, stored, processed, transferred and disclosed (within or outside Hong Kong) so that the Relevant Agents can carry out their obligations in respect of the Fund and/or the Sub-Fund or for other purposes including but not limited to (a) processing the subscription and redemption of Units, completing the information on the Register of Unitholders, carrying out instructions or responding to Unitholders' enquiries, verifying data and providing administrative or other relevant services to the Unitholder (including the mailing of reports, notices or newsletters); (b) in compliance with any applicable law, regulation, statute, ordinance, rule, judgment, decree, code, guidelines, directive, circulars, sanctions regime, court order issued by other regulatory authorities of relevant jurisdiction, exchange or market, whether legal, regulatory, governmental, tax, law enforcement, self-regulatory, industry or others which apply in respect of the Fund and/or the Sub-Fund or the Unitholders' investments and/or bind or apply to the Relevant Agents from time to time or any agreement with any tax or fiscal authority in any jurisdiction and meeting any demands, disclosure, notification or reporting requirements to which any recipient of the data is subject under the applicable laws and regulations, including but not limited to compliance with obligations pursuant to the FATCA and AEOI, verifying the identity of a Unitholder or establishing whether a Unitholder is a Reportable Person under FATCA or a Reportable Person for AEOI purposes, and compliance with reporting or other obligations imposed by the US, Hong Kong or any other jurisdiction (including under AEOI), including reporting obligations that may be imposed by future legislation (collectively, the "Regulatory Requirements"); (c) prevention, detection, sanction or investigation of crime, fraud, money laundering, corruption, tax evasion, terrorist financing and any other violation of laws or unlawful activities and fulfilling related Regulatory Requirements; (d) enforcing or defending the rights of the Fund and/or the Sub-Fund and/or the Relevant Agents; (e) fulfilling internal operational or compliance requirements of the Relevant Agents; and (f) maintenance or continuation of overall relationship with the Unitholder.
- (2) Failure to provide information may result in the Manager or the Trustee being unable to open/ maintain an account or provide/ continue to provide services to the Unitholder or taking appropriate action or reporting to the relevant authorities.
- (3) Unitholder has the right to request access to and correction of any personal data or to request the personal data not to be used for direct marketing purposes. Collection and use of personal data will be subject to the terms of the Personal Data (Privacy) Ordinance of Hong Kong.

THE FUND

The Fund is a unit trust established by a trust deed dated 11 July 2007 (as may be amended modified or supplemented from time to time) with BOCI-Prudential Asset Management Limited as the manager and BOCI-Prudential Trustee Limited as the trustee of the Fund. The Fund is established under and governed by the laws of Hong Kong. With effect from 3 December 2019, BOCI-Prudential Trustee Limited has retired from its role as the Trustee and has been replaced by Cititrust Limited as the new Trustee, and Citibank, N.A. Hong Kong Branch has been appointed by the Trustee as the custodian and administrator of the Fund and the Sub-Fund.

The Fund is an umbrella fund under which index-tracking sub-funds will be established. The Sub-Fund is the third sub-fund of the Fund. Only one (1) class of Units is currently available in relation to the Sub-Fund.

Creation and Redemption of Units

Only a Participating Dealer can apply to create or redeem Units directly with the Sub-Fund. Any investor, other than a Participating Dealer, may only make a request to create or redeem Units through a Participating Dealer, and if the investor is a retail investor, such request must be made through a stockbroker which has opened an account with a Participating Dealer. However, investors should note that a Participating Dealer reserves the right to refuse to accept a request from an investor to create or redeem Units under exceptional circumstances and can charge such fees as it may reasonably determine from time to time. Details of the procedures for creation and redemption of Units are set out on pages 45 to 53 of this Prospectus.

Investor should note that the dealing procedures for creation and redemption of Units through a Participating Dealer or a stockbroker may be different from those set out for the Sub-Fund in this Prospectus. For example, the dealing deadline set by a Participating Dealer or the stockbroker may be earlier than that set out for the Sub-Fund in this Prospectus. Investors should therefore check the applicable dealing procedures with the relevant Participating Dealer or the stockbroker (as the case may be).

Trading of Units on the SEHK

Investors may buy or sell the Units of the Sub-Fund through an intermediary such as a stockbroker on the SEHK. Dealings on the SEHK of Units in the Sub-Fund commenced on 15 April 2009. The Units of the Sub-Fund are accepted as eligible securities by the HKSCC for deposit, clearance and settlement in CCASS with effect from the date of commencement of dealing in the Units on the SEHK. Units in the Sub-Fund shall trade on the SEHK in board lots of 100 Units each. Settlement of transactions between participants of the SEHK is required to take place in CCASS on the second business day after the trading day of the relevant transactions. All activities under CCASS are subject to the General Rules of CCASS and CCASS Operational Procedures in effect from time to time. Units are neither listed nor dealt on any other stock exchange and no application for such listing or permission to deal is being sought as at the date of this Prospectus. Application may be made in the future for listing of Units on one or more other stock exchanges.

If trading of the Units of the Sub-Fund, or trading generally, on the SEHK is suspended, then there will be no secondary market dealing for those Units.

INVESTMENT OBJECTIVES AND POLICIES OF THE SUB-FUND

The Sub-Fund is an index-tracking fund which seeks to provide investment performance (before taxes) that tracks the performance of the SSE 50. The SSE 50 is an index consisting of 50 constituent A Shares compiled and managed by the China Securities Index Co., Ltd. A Shares are currently available for investment by domestic investors in the PRC, the QI and Hong Kong and overseas investors via the Shanghai-Hong Kong Stock Connect. A brief description of the A Share market in the PRC (including the Shanghai Stock Exchange) is set out in Appendix I. The China Securities Index Co., Ltd. has granted to the Manager, by way of license and subject to the terms of an index license agreement between them, the right to use the SSE 50 in connection with the operation, marketing and promotion of the Sub-Fund. Details in respect of the SSE 50 are set out in Appendix II.

Currently, the Manager intends to achieve the investment objective of the Sub-Fund by investing in A Shares directly via the Shanghai-Hong Kong Stock Connect.

The Sub-Fund will not invest in any structured products and financial derivative instruments and will not enter into any repurchase agreements, stock lending transactions or other similar over-the-counter transactions.

There is no assurance that the Sub-Fund will achieve its investment objective.

The risk profile of the Sub-Fund is generally regarded as high.

INVESTMENT STRATEGY OF THE SUB-FUND

Indexing investment strategies are used by an index-tracking fund to fulfil the index-tracking investment objective. Full replication strategy and representative sampling strategy are the two most common strategies.

Full Replication Strategy

An index-tracking fund which uses a full replication strategy invests in substantially all the constituent stocks of the underlying index in substantially the same weightings (i.e. proportions) as these stocks have in the underlying index. When a stock ceases to be a constituent stock of the underlying index, rebalancing occurs which involves selling the outgoing stock and using the proceeds to acquire the incoming stock.

Representative Sampling Strategy

An index-tracking fund which uses a representative sampling strategy invests in a representative sample of constituent stocks of the underlying index selected by the Manager using quantitative analytical models in a technique known as “portfolio optimisation”, under which each stock is considered for inclusion in the index-tracking fund based on its capitalisation, industry and fundamental investment characteristics. The Manager seeks to construct the portfolio of the index-tracking fund so that, its overall capitalisation, industry and fundamental investment characteristics are like those of the underlying index.

Investment Strategy Used by the Sub-Fund

The Manager intends to pursue a representative sampling strategy for the Sub-Fund through directly investing in A Shares via the Shanghai-Hong Kong Stock Connect. The Manager may overweight the A Shares directly held relative to the relevant A Shares’ respective weightings in the SSE 50 on the condition that the maximum extra weighting in any underlying A Shares will not exceed four per cent (4%) under normal circumstances or such other percentage as determined by the Manager after consultation with the SFC. Any non-compliance with the said limits will be disclosed in the annual report and interim report of the Sub-Fund. In addition, the Sub-Fund may have holding of Securities which are non-constituent stocks from time to time in circumstances which are independent of the Manager, including where trading in a constituent security has been suspended, such holding results from a corporate action of a constituent security, or the portfolio is being rebalanced in anticipation or response to a rebalance of the SSE 50. However, investors should note that the representative sampling strategy is associated with certain additional risks, in particular a possible increased tracking error at the time of the switch as well as possible increased tracking error in general, and investors should read the “Risk Factors” section below carefully.

RISK FACTORS

Investments involve risks. The Sub-Fund is subject to market fluctuations and to the risks inherent in all investments. The price of Units of the Sub-Fund and the income from them may go down as well as up. Investment in the Sub-Fund is not the same as direct investment in the constituent stocks of the SSE 50.

The performance of the Sub-Fund will be affected by a number of risk factors, including those set out below. Some or all of the risk factors may adversely affect the Sub-Fund's Net Asset Value, yield, total return and/or its ability to achieve its investment objective. There is no assurance that the Sub-Fund will achieve its investment objective. Investors should note that the following list does not purport to be an exhaustive list of the risk factors relating to an investment in the Sub-Fund. Investors should carefully consider the risks of investing in the Sub-Fund in light of their financial circumstances, knowledge, experience and other circumstances, and should seek independent professional advice as appropriate.

- (a) Counterparty and settlement risk – Counterparty risk is the risk that the party trading with the Sub-Fund will be unable to meet its obligations to make payments or to settle a trade due to a deterioration of the counterparty's financial situation or some other failure by the counterparty. The Sub-Fund bears the risk of settlement failures. Any such failure may have a material adverse effect on the Sub-Fund and/or the value of Units of the Sub-Fund.

- (b) Single country / PRC emerging market risk – In tracking the SSE 50, the Sub-Fund will invest in A Shares directly via the Shanghai-Hong Kong Stock Connect. However, investors should be aware that the PRC is still a developing country and the legal and regulatory framework of the PRC is still undergoing development and there is a degree of legal uncertainty both for local and overseas market participants. Investment in an emerging market, such as the PRC involves special risks and considerations. The Sub-Fund may be subject to risks in relation to economic, political, social and regulatory development in the PRC.

These risks include the possibility of more volatile financial markets, price volatility, smaller capital markets, less developed economic, political and social conditions and policies, less developed clearance and settlement systems and procedures, greater risks in relation to foreign exchange and liquidity, nationalization, expropriation, government control and intervention and different accounting standards, etc. All of these may have an adverse impact on performance on the Sub-Fund. The Sub-Fund invests in a single country market (i.e. PRC market) and is likely to be more volatile than a more widely invested fund.

The value of the Sub-Fund's assets may be affected by uncertainties or changes in government policies, promulgation of foreign currency and monetary policies and tax regulations. Many economic reforms of the PRC are unprecedented or experimental and are subject to modification and adjustment. Such modification and adjustment may have associated impact on the economy or financial

markets of the PRC and may not always have a positive effect on investment in the A Shares of PRC companies. Furthermore, the PRC government may from time to time adopt corrective measures to control the growth of the PRC economy which may have an adverse impact on the performance or value of the Sub-Fund.

- (c) Market risk – Market risk includes such factors as changes in economic environment, consumption pattern and investors’ expectations, etc. which may have significant impact on the value of the investments. Usually, emerging markets tend to be more volatile than developed markets and may experience substantial price volatility. Any options, warrants and derivatives in the Sub-Fund may also expose the Sub-Fund significantly to the fluctuations in the market. Market movements may therefore result in substantial fluctuations in the Net Asset Value per Unit of the Sub-Fund.
- (d) Accounting standards and disclosure – The accounting, auditing and financial reporting standards in the PRC may be different from international requirements, and investors should take this in account when making investment decisions.
- (e) Foreign exchange risk and RMB currency and conversion risks –
 - (i) The Sub-Fund may be subject to exchange rate fluctuations between Hong Kong dollars and RMB given that the Sub-Fund is denominated in its base currency (such as Hong Kong dollars), but the A Shares acquired via the Shanghai-Hong Kong Stock Connect are denominated in RMB.
 - (ii) The Sub-Fund is denominated in Hong Kong dollar. All Creation and Redemption Applications of the Sub-Fund's Units in the primary market and the secondary trading of the Sub-Fund's Units are in Hong Kong dollar. Currency conversion costs will be incurred by the Sub-Fund as the SSE 50 is denominated in RMB while the Sub-Fund is denominated in its base currency (such as Hong Kong dollars).
 - (iii) Further, RMB is subject to policies of exchange controls and repatriation restrictions. There is no guarantee that the RMB will not depreciate. There is no assurance that RMB will not be subject to devaluation or revaluation or that shortages in the availability of the currency will not develop.
- (f) Concentration risk –
 - (i) Sector concentration risk: To the extent that the SSE 50 concentrates in A Shares of a particular industry or group of industries, the Manager may similarly concentrate the Sub-Fund’s investments in a particular industry or group of industries. The performance of the Sub-Fund could then depend heavily on the performance of that industry or group of industries. In addition, the Manager may invest a significant percentage or all of the assets of the Sub-Fund in a single issuer, and the

performance of the Sub-Fund could be closely tied to that issuer and could be more volatile than the performance of other more diversified funds.

- (ii) Market concentration risk: The Sub-Fund invests primarily in securities related to the China market and may be subject to additional concentration risk.
- (g) Passive management risk – The Sub-Fund is not actively managed. The Manager may not take an active role in defending the position of the Sub-Fund in declining markets. Hence, any fall in the SSE 50 will result in a corresponding fall in the value of the Sub-Fund.
- (h) Tracking error risk – The Sub-Fund may be subject to tracking error risk, which is the risk that its performance may not track that of the SSE 50 exactly. The Sub-Fund’s returns may deviate from the SSE 50 due to a number of factors. For example, the fees and expenses of the Sub-Fund, the concentration limits described in the investment restrictions, other legal or regulatory restrictions, the need for the Manager to adopt a representative sampling strategy and foreign exchange costs caused by the fact that the SSE 50 is denominated in RMB whilst the base currency of the Sub-Fund may be in Hong Kong dollars (or other currency being its base currency), rounding of share prices, changes to the SSE 50 and regulatory policies may affect the Manager’s ability to achieve close correlation with the SSE 50 and, in certain instances, certain securities being illiquid, it may not be possible or practicable to purchase certain of them at all. Further, the Sub-Fund may receive income (such as interests and dividends) from its assets while the SSE 50 does not have such sources of income.
- (i) Management risk – Since the Sub-Fund will not fully replicate the SSE 50, there is a risk that as the implementation of the Manager’s investment strategy is subject to a number of constraints, the investment strategy may not produce the intended results.
- (j) Risks relating to the SSE 50 – The Sub-Fund may be subject to the following risks in relation to the SSE 50 :
 - (i) If the SSE 50 is discontinued or the Manager’s license in relation to the SSE 50 under the relevant license agreement is terminated, the Manager may, in consultation with the Trustee, seek the SFC’s prior approval to replace the SSE 50 with an index that is tradable and has similar objectives to the SSE 50 and notice will be given to Unitholders as soon as possible. For the avoidance of doubt, index-tracking will remain the Sub-Fund’s investment objective. The Manager’s license in relation to the SSE 50 Index may be terminated if the Index Provider ceases to calculate and publish the SSE 50 and the Index Provider should give written notice to the Manager (i) not less than ninety (90) days before such cessation or the notice period stipulated by the rules of dealing in funds of the relevant stock exchange (if any), whichever is longer,

or (ii) such shorter notice period as agreed between the Manager and the Index Provider. Unless otherwise agreed between the Manager and the Index Provider, the Index Provider may terminate the Manager's license by written notice under the following circumstances:

- if the Manager ceases to develop and manage fund products which track the SSE 50 and the Manager should give written notice to the Index Provider of not less than ninety (90) days before such cessation or such shorter notice period as agreed between the Manager and the Index Provider;
- if the Manager breaches the license agreement for the SSE 50 and fails to rectify the breach within thirty (30) days after the Index Provider has notified the Manager in writing of the breach;
- if the CSRC or the Shanghai Stock Exchange requests the Manager to cease developing and managing the fund product which tracks the SSE 50 or requests the termination of the license;
- if there is any significant litigation or administrative supervisory investigation in respect of the fund product which tracks the SSE 50;
- if the Manager commits a serious breach of the applicable national laws or violates the rules of the stock exchanges; or
- other circumstances specified by laws.

Either the Manager or the Index Provider may terminate the licence agreement by written notice under the following circumstances :

- if the licence agreement cannot be performed due to force majeure events;
- if the Index Provider loses the relevant rights in the SSE 50; or
- if the Manager ceases business operations, is revoked or liquidated, or declares bankruptcy.

- (ii) There may be changes in the constituent securities of the SSE 50 from time to time. For example, the shares of a constituent company may be delisted or a new eligible company may be added to the SSE 50. In such circumstances, in order to achieve the investment objective of the Sub-Fund, the Manager may rebalance the weighting of the constituent stocks in the SSE 50. The price of the Units may rise or fall as a result of these changes.
- (iii) The process and the basis of computing and compiling the SSE 50 and any of its related formulae, constituent companies and factors may also be changed or altered by the Index Provider at any time without notice. There is also no warranty, representation or guarantee given to the investors as to the accuracy or completeness of the SSE 50, its computation or any information related thereto.

- (k) Risk relating to listing – If the Units of the Sub-Fund are delisted from the SEHK, the Manager may, in consultation with the Trustee, seek the SFC’s prior approval to operate the Sub-Fund as an unlisted index fund (subject to any necessary amendments to the rules of the Sub-Fund) or terminate the Sub-Fund and will notify investors accordingly.
- (l) Risks associated with the Shanghai-Hong Kong Stock Connect – The Sub-Fund may invest through the Shanghai-Hong Kong Stock Connect. In addition to the risks associated with the China market and risks relating to RMB, it is also subject to the following additional risks:
 - (i) Quota limitations: Shanghai-Hong Kong Stock Connect is subject to a Daily Quota, which does not belong to the Sub-Fund and can only be utilized on a first-come-first serve basis. The Daily Quota is monitored by SEHK and SSE. The Daily Quota limits the maximum net buy value of cross-boundary trades under Shanghai-Hong Kong Stock Connect each day. The Daily Quota will be reset every day. Unused Daily Quota will not be carried over to next day’s Daily Quota.

The Northbound Daily Quota balance is disseminated on the Hong Kong Exchanges and Clearing Limited (“HKEx”) website.

If the Northbound Daily Quota Balance drops to zero or Daily Quota is exceeded during the opening call auction session, new buy orders will be rejected.

Once the Northbound Daily Quota Balance drops to zero or the Daily Quota is exceeded during a continuous auction session, no further buy orders will be accepted for the remainder of the day.

It should be noted that quota limitations may restrict the Sub-Fund’s ability to invest in SSE Securities through Shanghai-Hong Kong Stock Connect on a timely basis, and the Sub-Fund may not be able to effectively pursue its investment strategies.

- (ii) Suspension risk: It is contemplated that both SEHK and Shanghai Stock Exchange would reserve the right to suspend Northbound and/or Southbound trading (information relating to Northbound and Southbound trading is described in the section “Shanghai-Hong Kong Stock Connect” in Appendix I) if necessary for ensuring an orderly and fair market and that risks are managed prudently. Consent from the relevant regulator would be sought before a suspension is triggered. Where a suspension in the Northbound trading through the Shanghai-Hong Kong Stock Connect is effected, the Sub-Fund’s ability to access the PRC market will be adversely affected.
- (iii) Differences in trading day: The Shanghai-Hong Kong Stock Connect will only operate on days when both the PRC and Hong Kong markets are open for trading. So it is possible that there are occasions when it is

a normal trading day for the PRC market but Hong Kong investors (such as the Sub-Fund) cannot carry out any A Shares trading. The Sub-Fund may be subject to a risk of price fluctuations in A Shares during the time when Shanghai-Hong Kong Stock Connect is not trading as a result.

(iv) Operation risk:

- The Shanghai-Hong Kong Stock Connect provides a new channel for investors from Hong Kong and overseas to access the China stock market directly.
- The Shanghai-Hong Kong Stock Connect is premised on the functioning of the operational systems of the relevant market participants. Market participants are able to participate in the Shanghai-Hong Kong Stock Connect subject to meeting certain information technology capability, risk management and other requirements as may be specified by the relevant exchange and/or clearing house. Besides, securities regimes and legal systems of the two markets differ significantly and in order for the program to operate smoothly, market participants may need to address issues arising from the differences on an on-going basis.
- The “connectivity” in the Shanghai-Hong Kong Stock Connect requires routing of orders across the border. This requires the development of new information technology systems on the part of the SEHK and exchange participants (i.e. a new order routing system) to be set up by SEHK to which exchange participants need to connect. There is no assurance that the systems of the SEHK and market participants will function properly or will continue to be adapted to changes and developments in both markets. In the event that the relevant systems failed to function properly, trading in both markets through the Shanghai-Hong Kong Stock Connect could be disrupted. The Sub-Fund’s ability to access the A Share market (and hence to pursue its investment strategy) will be adversely affected.

(v) Restrictions on selling imposed by front-end monitoring:

- PRC regulations require that before an investor sells any share, there should be sufficient shares in the account; otherwise Shanghai Stock Exchange will reject the sell order concerned. SEHK will carry out pre-trade checking on A Shares sell orders of its participants (i.e. the stock brokers) to ensure there is no over-selling.
- If the Sub-Fund desires to sell certain A Shares it holds, it must transfer those A Shares to the respective accounts of its brokers

before the market opens on the day of selling. If it fails to meet this deadline, it will not be able to sell those shares on such day. Because of this requirement, the Sub-Fund may not be able to dispose of holdings of A Shares in a timely manner.

- (vi) Recalling of eligible stocks: If a stock is recalled from the scope of eligible stocks for trading via the Shanghai-Hong Kong Stock Connect, the stock can only be sold and cannot be bought. This may affect the Sub-Fund's tracking of the SSE 50 if, for example, a constituent of the SSE 50 is recalled from the scope of eligible stocks. Investors should therefore pay close attention to the list of eligible stocks as provided and renewed from time to time by both the SSE and SEHK.
- (vii) Clearing and settlement risk:
 - The HKSCC and CSDCC will establish the clearing links and each will become a participant of each other to facilitate clearing and settlement of cross-boundary trades. For cross-boundary trades initiated in a market, the clearing house of that market will on one hand clear and settle with its own clearing participants, and on the other hand undertake to fulfil the clearing and settlement obligations of its clearing participants with the counterparty clearing house.
 - Should the remote event of CSDCC default occur and CSDCC be declared as a defaulter, HKSCC's liabilities in Northbound trades under its market contracts with clearing participants will be limited to assisting clearing participants in pursuing their claims against CSDCC. HKSCC will in good faith, seek recovery of the outstanding stocks and monies from CSDCC through available legal channels or through CSDCC's liquidation. In that event, the Sub-Fund may suffer delay in the recovery process or may not be able to fully recover its losses from CSDCC.
- (viii) Counterparty risk relating to brokers: Investment through Shanghai-Hong Kong Stock Connect is conducted through broker(s), and is subject to the risks of default by such brokers' in their obligations. The Shanghai-Hong Kong Stock Connect follows the A Share settlement cycle where the A Shares are settled on the same trade day and cash on a T+1 basis. Although the Sub-Fund may have settlement arrangements in place with brokers different from the A Share settlement cycle, the deliveries of SSE Securities and payments therefor may not be simultaneous.
- (ix) Participation in corporate actions and shareholders' meetings:
 - HKSCC will keep CCASS participants informed of corporate actions of SSE Securities. Hong Kong and overseas investors

(including the Sub-Fund) will need to comply with the arrangement and deadline specified by their respective brokers or custodians (i.e. CCASS participants). The time for them to take actions for some types of corporate actions of SSE Securities may be as short as one Business Day only. Therefore, the Sub-Fund may not be able to participate in some corporate actions in a timely manner.

- Hong Kong and overseas investors (including the Sub-Fund) are holding SSE Securities traded via the Shanghai-Hong Kong Stock Connect through their brokers or custodians. According to existing mainland practice, multiple proxies are not available. Therefore, the Sub-Fund may not be able to appoint proxies to attend or participate in shareholders' meetings in respect of the SSE Securities.

(x) Regulatory risk:

- The Shanghai-Hong Kong Stock Connect is novel in nature, and will be subject to regulations promulgated by regulatory authorities and implementation rules made by the stock exchanges in the PRC and Hong Kong. Further, new regulations may be promulgated from time to time by the regulators in connection with operations and cross-border legal enforcement in connection with cross-border trades under Shanghai-Hong Kong Stock Connect.
- It should be noted that the regulations are untested and there is no certainty as to how they will be applied. Moreover, the current regulations are subject to change. There can be no assurance that the Shanghai-Hong Kong Stock Connect will not be abolished. The Sub-Fund, which may invest in the PRC markets through the Shanghai-Hong Kong Stock Connect, may be adversely affected as a result of such changes.

(xi) Foreign exchange/ currency conversion risk:

The Sub-Fund may be subject to exchange rate fluctuations between Hong Kong dollars and RMB (specifically CNH or CNY) given that the Sub-Fund is denominated in Hong Kong dollars, but the SSE Securities acquired via Shanghai-Hong Kong Stock Connect (as the case may be) are denominated in CNH. Share securities acquired through QI (or the then QFII) are denominated in CNY, while the cash holding of the Sub-Fund could be in either RMB or Hong Kong dollars. The Sub-Fund may also be subject to bid/offer spread and currency conversion costs when converting to and from Hong Kong dollars and RMB.

- (m) Restrictions on creation and redemption of Units – Investors should note that the Sub-Fund is not like a typical retail investment fund offered to the public in Hong Kong (for which units can generally be purchased and redeemed directly from the manager). Units of the Sub-Fund may only be created and redeemed in Application Unit sizes directly by Participating Dealer(s) from the Manager and may not be created or redeemed directly by other investors from the Manager. Such other investors may only make a request (and if such investor is a retail investor, through a stockbroker which has opened an account with a Participating Dealer) to create or redeem Units in Application Unit sizes through a Participating Dealer which reserves the right to refuse to accept a request from an investor to create or redeem Units under exceptional circumstances. Alternatively, investors may realize the value of their Units by selling their Units through an intermediary such as a stockbroker on the SEHK, and there is a risk that dealings on the SEHK may be suspended.
- (n) Risk of withdrawal of authorization – The Sub-Fund has been authorized as a collective investment scheme under the UTMF Code by the SFC pursuant to section 104 of the Securities and Futures Ordinance. SFC authorization is not a recommendation or endorsement of the Sub-Fund nor does it guarantee the commercial merits of the Sub-Fund or its performance. It does not mean the Sub-Fund is suitable for all investors nor is it an endorsement of its suitability for any particular investor or class of investors. The SFC reserves the right to withdraw the authorization of the Sub-Fund, for example, if the SFC considers the SSE 50 no longer acceptable.
- (o) Risk related to equity securities like A Shares –
 - (i) The Sub-Fund invests directly in A Shares via the Shanghai-Hong Kong Stock Connect. The risks associated with investments in equity securities are high, because the investment performance of equity securities depends upon factors which are difficult to predict. Such factors include the possibility of sudden or prolonged market declines and risks associated with individual companies. The fundamental risk associated with any equity portfolio is the risk that the value of the investments it holds might decrease in value.
 - (ii) The stock exchanges in the PRC on which A Shares are traded are relatively at a developing stage and the choice of investments in the A Shares is limited as compared with other developed securities markets. The prices of the A Shares held by the Sub-Fund and the Net Asset Value of the Sub-Fund may be adversely affected if markets for the A Shares are illiquid. Further, market volatility in the A Share markets may result in significant fluctuations in the prices of the A Shares held by the Sub-Fund and hence in the value of the Sub-Fund.
- (p) Risk related to divergence between the market price of the Units and the Net Asset Value of the Sub-Fund – Investors should note that unlike a typical retail investment fund offered to the public in Hong Kong (the market price of the units of which is determined by the net asset value of the investment fund), the

market price of the Units traded on the SEHK is determined not only by the Net Asset Value of the Sub-Fund but also by other factors such as the supply of and demand for the Units in the SEHK. Therefore, there is a risk that the market price of the Units traded on the SEHK may diverge significantly from the Net Asset Value of the Sub-Fund.

- (q) Equity market risk – The Sub-Fund’s investment in equity securities is subject to general market risks, whose value may fluctuate due to various factors, such as changes in investment sentiment, political and economic conditions and issuer-specific factors.
- (r) Risk associated with high volatility of the equity market in Mainland China – High market volatility and potential settlement difficulties in the Mainland China equity market may result in significant fluctuations in the prices of the securities traded on such market and may have an adverse impact on the prices of PRC securities in which the Sub-Fund invests and thereby may adversely affect the value of the Sub-Fund.
- (s) Risk associated with regulatory/exchanges requirements/policies of the equity market in Mainland China – Securities exchanges in the PRC typically have the right to suspend or limit trading in any security traded on the relevant exchange. The government or the regulators may also implement policies that may affect the financial markets. All these may have a negative impact on the Sub-Fund.
- (t) Liquidity risk

Liquidity risk exists when particular investments are difficult to purchase or sell. Investments made by the Sub-Fund may become illiquid or less liquid in response to market developments or adverse investor perceptions. Investments in foreign securities, derivatives or securities with substantial market and/or credit risk tend to have the greatest exposure to liquidity risk. Illiquid securities may be highly volatile and more difficult to value and be disposed at their face values. Some of the markets in which the Sub-Fund invests may be less liquid and more volatile than the world’s leading stock markets and this may result in the fluctuation in the price of securities traded on such markets. Certain securities may also be illiquid due to limited trading markets or contractual restrictions on their resale. The Sub-Fund is exposed to the risk that a particular investment or position cannot be unwound or offset easily.

If sizeable redemption requests are received, the Sub-Fund may need to liquidate its investments at a substantial discount in order to satisfy such requests and the Sub-Fund may suffer losses in trading such investments. As a result, this may have adverse impact on the Sub-Fund and its investors.

- (u) PRC tax risk – Under the prevailing PRC Corporate Income Tax Law, gains derived by a non-resident from the trading of A Shares would be subject to PRC withholding income tax unless exempted under tax law and/or an applicable tax treaty.

On 14 November 2014, the Ministry of Finance of the PRC, the State Administration of Taxation of the PRC and the CSRC issued Circular 79 (as referred to in Appendix IV).

Pursuant to Circular 79, effective from 17 November 2014, capital gains derived by a QFII or RQFII (i.e. QI under the QI Rules and Regulations) from trading of A Shares will be temporarily exempt from withholding tax provided that the capital gains are not effectively connected with any permanent establishment (if any) that the then QFII or RQFII (or currently the QI) has in China; such exemption, however, will not apply to capital gains derived by the then QFII or RQFII from transactions prior to 17 November 2014.

Pursuant to Circular 81 (as referred to in Appendix IV) effective from 17 November 2014, Hong Kong market investors, both enterprises and individuals, investing in A Shares via Shanghai-Hong Kong Stock Connect are temporarily exempted from income tax on capital gains derived from the sales of A Shares traded in the SSE.

According to Circular 81, the latest Capital Gain Tax provisioning approach is as follows:

Based on professional and independent tax advice, the Sub-Fund currently will not set aside any Capital Gain Tax provision derived from the gains from trading of A Shares that are SSE Securities via Shanghai-Hong Kong Stock Connect.

In respect of the Sub-Fund's investments in the AXP's (when it was a synthetic ETF) up to and including 16 November 2014, all the then AXP issuers had determined, agreed and settled with the Sub-Fund the relevant Capital Gain Tax liabilities by the mid-June 2016.

As the Sub-Fund is the ultimate party which bears the risks relating to the Capital Gain Tax liability, any future changes in the taxation policies in respect of the Sub-Fund's investment in A Shares in the PRC will impact on the Sub-Fund's returns.

The Manager will assess the Capital Gain Tax provisioning approach on an on-going basis. Should the PRC tax policies in respect of the Capital Gain Tax change, the Manager may decide to set aside provision to meet any potential Capital Gain Tax liability in the future. Prospective investors should consult their independent tax advisors regarding the possible implications of capital gain tax on an investment in the Sub-Fund.

Further, to date, the Sub-Fund in investing in A Shares that are SSE Securities directly via Shanghai-Hong Kong Stock Connect, would be subject to a Distribution Tax (as referred to in Appendix IV) of 10% on all cash dividends payment or cash proceeds which were referable to dividends or distributions arising from the A Shares. Pursuant to Circular 81, dividends from A Shares paid to Hong Kong market investors who invested in A Shares via Shanghai-Hong Kong Stock Connect, both enterprises and individuals, will continue to be

subject to a withholding tax of 10%, and which is to be withheld at source. There is no assurance that the rate of the withholding tax will not be changed by the relevant PRC tax authority in the future.

The taxation laws and other regulations of the PRC are constantly changing, and may be changed with retrospective effect to the advantage or disadvantage of investors in the Sub-Fund. The interpretation and application of tax laws and other applicable regulations by the relevant authorities may not be as transparent or predictable as compared to the authorities administering similar regimes in other developed jurisdictions.

Since the Sub-Fund is the ultimate parties which will bear the risks relating to PRC tax liabilities, any changes to legislation, the interpretation or application of legislation, or the granting of foreign investors the benefit of tax exemptions or international tax treaties (which may be on a retrospective basis) will impact on the Sub-Fund's returns. There can be no guarantee that regulatory changes that have a detrimental impact on the investments of the Sub-Fund will not occur.

Further, investors should note that the tax exemption on gains derived from trading of A Shares via Shanghai-Hong Kong Stock Connect under Circular 81 was granted on a temporary basis and there is no assurance that the Sub-Fund will continue to enjoy the tax exemption over a long period of time. If the exemption under Circular 81 is withdrawn, or if guidance is issued in relation to the tax position for A Shares traded via Shanghai-Hong Kong Stock Connect which differs from the current practice of the Manager, any tax liability as a result of capital gains derived from the trading of A Shares via Shanghai-Hong Kong Stock Connect may be directly borne by the Sub-Fund and may result in a substantial impact to the Sub-Fund's Net Asset Value.

The PRC tax rules and practices in relation to Shanghai-Hong Kong Stock Connect are new. It is possible that any future announcement by the PRC tax authority may subject the Sub-Fund to unforeseen tax obligations, which may have retrospective effect.

Investors should seek their own tax advice on their Mainland China tax position with regard to their investment in the Sub-Fund.

(v) Risks relating to obligations to comply with AEOI

The Unitholders shall be required to, (i) upon demand by the Trustee or the Manager, provide any form, certification or other information reasonably requested by and acceptable to the Trustee or the Manager that is necessary for the Sub-Fund to satisfy reporting or other obligations under AEOI or to satisfy any obligations relating to any applicable laws and regulations or any agreements with any tax or fiscal authority in any jurisdictions to which AEOI is applicable, (ii) update or replace such form, certification or other information in accordance with its terms or subsequent amendments or when such form, certificate or other information is no longer accurate, and (iii) otherwise comply with any reporting obligations imposed under AEOI, including reporting

obligations that may be imposed by future legislation. The information provided by the Unitholders may be communicated by the IRD to authorities in other jurisdictions.

Each Unitholder and prospective investor should consult its own professional advisor(s) on the administrative and substantive implications of AEOI on its current or proposed investment in the Sub-Fund.

(w) Risks relating to obligations under FATCA Regulations

The Unitholders shall be required to, (i) upon demand by the Trustee or the Manager provide any form, certification or other information reasonably requested by and acceptable to the Trustee or the Manager that is necessary for the Sub-Fund (A) to prevent withholding (including, without limitation, any withholding taxes required under FATCA as more particularly described in paragraph (x) below) or qualify for a reduced rate of withholding or backup withholding in any jurisdiction from or through which Sub-Fund receives payments, and/or (B) to satisfy reporting or other obligations under the IRC and the United States Treasury Regulations promulgated under the IRC, or to satisfy any obligations relating to any applicable laws and regulations or any agreements with any tax or fiscal authority in any jurisdictions, (ii) update or replace such form, certification or other information in accordance with its terms or subsequent amendments or when such form, certificate or other information is no longer accurate, and (iii) otherwise comply with any reporting obligations imposed under the FATCA regulations.

The Sub-Fund will endeavour to satisfy any obligations imposed under the FATCA regulations so as to avoid the imposition of FATCA withholding, however, no assurance can be given that the Sub-Fund will be able to satisfy those obligations. If the Sub-Fund becomes subject to FATCA withholding, the value of the Units held by the Unitholders may suffer material losses.

If the Unitholder or an intermediary through which it holds interest in the Sub-Fund fails to provide the Sub-Fund, its agents or authorised representatives with complete and accurate information that may be required by the Sub-Fund to comply with FATCA, the Unitholder may be subject to withholding on amounts otherwise distributable to the Unitholder, may be compelled to sell his interest in the Sub-Fund, or in certain situations, the Unitholders' interest in the Sub-Fund may be sold involuntarily, provided that (i) any action so taken is permitted by applicable laws and regulations; and (ii) the Manager is acting in good faith and on reasonable grounds.

In cases where Unitholders invest in the Sub-Fund through an intermediary, Unitholders are reminded to check whether such intermediary is FATCA compliant. If Unitholders are in any doubt, they should consult their tax advisor, stockbroker, bank manager, solicitor, accountant and other professional adviser(s) regarding the possible implications of FATCA on the Unitholders and the Sub-Fund.

Unitholders, and intermediaries acting for Unitholders, should therefore take note that if they meet the definition of Reportable Person under FATCA (as defined in the “FATCA” sub-section), then they will need to declare this to the Sub-Fund and submit any required documentation. If, subsequent to a Unitholder’s investment, the Unitholder becomes a Specified US Person or any other Unqualified Person holds Units, such Unitholder will (i) be restricted from making any additional subscriptions and (ii) as soon as practicable have its Units compulsorily redeemed (provided that (i) any action so taken is permitted by applicable laws and regulations; and (ii) the Manager is acting in good faith and on reasonable grounds). Please see the “Compulsory Redemptions under Certain Circumstances” sub-section below for more information. The compulsory redemption of Units may cause a Unitholder to realize gain or loss on a redemption at a time or value that is not optimal under the Unitholder’s specific circumstances and such redemption could therefore adversely affect the Unitholder’s return from an investment in Units.

(x) FATCA withholding tax risk

An FFI that does not comply with the FATCA requirements may face a withholding tax of 30% on all “withholdable payments” (as defined under FATCA) derived from US sources (including interest and dividends) and gross proceeds from the sale or other disposition of property that can produce US source income. FATCA withholding tax may also apply to “foreign passthru payments”. Although the Sub-Fund will attempt to satisfy any obligations imposed on it to avoid the imposition of FATCA withholding tax, no assurance can be given that the Sub-Fund will be able to satisfy those obligations. If the Sub-Fund becomes subject to a withholding tax under FATCA, the value of the Units held by Unitholders may suffer material losses. In addition, the Sub-Fund may be required under FATCA to impose FATCA withholding on certain payments it makes.

The imposition of the 30% withholding tax under the FATCA rules could result in materially reduced investment returns for the Unitholders. The administrative costs arising from compliance with the FATCA rules may also cause an increase in the operating expenses of the Sub-Fund, thereby further reducing returns to Unitholders.

Unitholders should consult their independent tax advisor regarding the potential implications of the FATCA rules on themselves and their investment in the Sub-Fund.

(y) Risk of absence of active market – There can be no assurance that an active trading market in respect of the Units in the Sub-Fund will be developed or maintained. There is no certain basis for predicting the actual price levels at which, or the sizes in which, the Units in the Sub-Fund may trade. There can be no assurance that the Units in the Sub-Fund will experience trading or pricing patterns similar to those of other exchange traded funds which are issued by investment companies in other jurisdictions or are traded on the SEHK.

- (z) Potential conflicts of interest – The Manager and the Trustee and Custodian or their Connected Persons may, from time to time, act as manager, investment adviser, trustee or as custodian or in such other capacity in connection with or be otherwise involved in or with any other collective investment schemes separate and distinct from the Fund and the Sub-Fund. It is possible that any of the Manager and the Trustee and Custodian or their Connected Persons may, in the course of business, have potential conflicts of interest with the Sub-Fund. Each of the Manager and the Trustee and Custodian or their Connected Persons will, at all times, have regard in such event to its obligations to the Sub Fund and the investors and will endeavour to ensure that such conflicts are resolved fairly. Please refer to the section on “Potential Conflict of Interest, Transactions with Connected Persons and Soft Commissions” on pages 59 to 62 for details.
- (aa) Legal and Regulatory risk – The Sub-Fund must comply with its authorization conditions and all regulatory requirements applicable to the Sub-Fund. Changes in the authorization conditions of the Sub-Fund and/or laws, regulatory requirements and/or imposition of new regulatory actions or restrictions may require changes in the operation or administrative rules of the Sub-Fund, constitutive or offering documents of the Sub-Fund. Such changes may have an impact on the operation costs of the Sub-Fund and may have an impact on the market sentiment which may in turn affect the market performance of the Sub-Fund. It is impossible to predict whether such an impact caused by regulatory changes will be positive or negative for the Sub-Fund. In the worst case scenario, an investor may suffer serious loss of its investments in the Sub-Fund.
- (bb) Reliance on market maker risks – Although the Manager will ensure that at least one market maker will maintain a market for the Units and that at least one market maker gives not less than 3 months’ notice prior to terminating market making arrangement under the relevant market maker agreement, liquidity in the market for the Units may be adversely affected if there is no or only one market maker for the Units. There is also no guarantee that any market making activity will be effective.
- (cc) Risk in relation to distribution – Investors should be aware that in circumstances where distributions are paid out of capital and/or effectively out of capital, this amounts to a return or withdrawal of part of the amount investors originally invested or from any capital gains attributable to that original investment. Any distributions involving payment of distributions out of capital and/or payment of distributions effectively out of capital (as the case may be) may result in an immediate decrease in the Net Asset Value per Unit.
- (dd) Custody risk – Custodians or sub-custodians may be appointed in local markets for purpose of safekeeping assets in those markets. Where the Sub-Fund invests in markets where custodial and/or settlement systems are not fully developed, the assets of the Sub-Fund may be exposed to custodial risk. In case of liquidation, bankruptcy or insolvency of a custodian or sub-custodian, the Sub-Fund may take a longer time to recover its assets. In extreme circumstances such as the retroactive application of legislation and fraud or improper registration of title, the Sub-Fund may even be unable to recover all of its assets.

The costs borne by the Sub-Fund in investing and holding investments in such markets will be generally higher than in organised securities markets.

In view of the risk factors as mentioned above, the Sub-Fund is only suitable for investors who can afford the risks involved.

INVESTMENT AND BORROWING RESTRICTIONS

Investment Restrictions

The Trust Deed imposes a number of restrictions and prohibitions on investment of the Sub-Fund. So long as the Sub-Fund is authorized by the SFC pursuant to the UTMF Code, the assets of the Sub-Fund may be invested only in the investments permitted under and in accordance with Chapters 7 and 8.6 of the UTMF Code issued by the SFC (as applicable).

No holding of any security may be acquired for or added to the Sub-Fund which would be inconsistent with achieving the investment objective of the Sub-Fund.

Further, the following investment restrictions will apply to the Sub-Fund unless otherwise stated:

- (1) (a) No holding of any Security may be acquired for or added to the Sub-Fund which would result in the aggregate value of the Sub-Fund's investments in, or exposure to, any single entity through the following exceeding ten per cent (10%) of its latest available Net Asset Value of the Sub-Fund unless otherwise approved by the SFC:
 - investments in securities issued by that entity;
 - exposure to that entity through underlying assets of financial derivative instruments (see restriction in (8) below); and
 - net counterparty exposure to that entity arising from transactions of over-the-counter financial derivative instruments (see restriction in (9)(c) below).
- (b) Notwithstanding (1)(a) above, more than ten percent (10%) of the Net Asset Value of the Sub-Fund may be invested in constituent securities issued by a single issuer provided that:
 - (i) it is limited to any constituent securities of the SSE 50 that accounts for more than ten per cent (10%) of the weighting of the SSE 50; and
 - (ii) unless otherwise approved by the SFC, the Sub-Fund's holding of any such constituent securities may not exceed that their respective weightings in the SSE 50, except where the weightings are exceeded as a result of changes in the composition of the SSE 50 and the excess is only transitional and temporary in nature.

- (c) The restrictions in (1)(b) above shall not apply if:
- the Sub-Fund adopts a representative sampling strategy which does not involve the full replication of the constituent securities of the SSE 50 in the exact weightings of the SSE 50;
 - the strategy is clearly disclosed in this Prospectus;
 - the excess of the weightings of the constituent securities held by the Sub-Fund over the weightings in the SSE 50 is caused by the implementation of the representative sampling strategy;
 - any excess weightings of the Sub-Fund's holdings over the weightings in the SSE 50 is subject to a maximum limit reasonably determined by the Sub-Fund after consultation with the SFC having regard to the characteristics of the underlying constituent securities, their weightings and the investment objectives of the SSE 50 and any other suitable factors and such limit is disclosed in this Prospectus. Currently, the maximum limit of the excess weightings of the Sub-Fund's holdings over the weightings in the SSE 50 is four percent (4%) and such limit is disclosed in under sub-section headed "Investment Strategy Used by the Sub-Fund" above;
 - disclosure shall be made in the Sub-Fund's interim and annual reports as to whether the limit imposed by the SSE 50 itself pursuant to the above paragraph have been complied with in full. If there is non-compliance with the said limit during the relevant reporting period, this shall be reported to the SFC on a timely basis and an account for such non-compliance shall be stated in the report relating to the period in which the non-compliance occurs or otherwise notified to Unitholders.
- (d) Subject to restrictions in (1)(a)above and (9)(c) below, no holding of any Security may be acquired for or added to the Sub-Fund which would result in the aggregate value of the Sub-Fund's investments in, or exposure to, entities within the same group through the following exceeding twenty per cent (20%)of the latest available Net Asset Value of the Sub-Fund:
- investments in Securities issued by those entities;
 - exposure to those entities through underlying assets of financial derivative instruments (see restriction in (8) below); and
 - net counterparty exposure to those entities arising from transactions of over the counter financial derivative instruments (see restriction in (9)(c) below).
- (e) No cash deposits shall be made in respect of the Sub-Fund which would result in the value of the Sub-Fund's cash deposits (as defined under Note (1) to Chapter 7.1B of the UTMF Code) made with the same entity

or entities within the same group (as defined under Note (1) to Chapter 7.1A of the UTMF Code) exceeding twenty per cent (20%) of the latest available Net Asset Value of the Sub-Fund, provided that such twenty per cent (20%) may be exceeded in the following circumstances:

- cash held before the launch of the Sub-Fund and for a reasonable period thereafter prior to the initial subscription proceeds being fully invested; or
 - cash proceeds from liquidation of investments prior to the merger or termination of the Sub-Fund, whereby the placing of cash deposits with various financial institutions would not be in the best interests of Unitholders; or
 - cash proceeds received from subscriptions pending investments and cash held for the settlement of redemption and other payment obligations, whereby the placing of cash deposits with various financial institutions be unduly burdensome and the cash deposits arrangements would not compromise the Unitholders' interests.
- (f) Due to the index tracking nature of the Sub-Fund, the SFC may, upon sufficient justification, consider not requiring the Sub-Fund to strictly comply with the investment restrictions in (1)(d) and (1)(e) above on a case-by-case basis.
- (g) No holding of any Security may be acquired for or added to the Sub-Fund which would result in the Sub-Fund holding more than ten per cent (10%) of any ordinary shares issued by any single entity, or when aggregated with the holdings of such ordinary shares held by all other sub-funds of the Fund, collectively holding more than ten per cent (10%) of any ordinary shares issued by any single entity.
- (2) (a) Unless otherwise stated, the restrictions in (1)(a), (d) and (g) above and (3) below shall not apply, and the following paragraph under this (2)(a) and the restrictions in (2)(b) to (2)(e) below shall apply where the Sub-Fund invests in other Collective Investment Schemes.

No holding of Collective Investment Schemes may be acquired for or added to the Sub-Fund which would result in the value of the Sub-Fund's investment in units or shares in other Collective Investment Schemes which are non-eligible schemes (i.e. schemes which are not set out in the list of recognised jurisdictions issued by the SFC) and not authorised by the SFC in aggregate exceeding ten per cent (10%) of the latest available Net Asset Value of the Sub-Fund.

- (b) The Sub-Fund may invest in one or more Collective Investment Schemes which are either authorized by the SFC or eligible schemes (i.e. schemes which are set out in the list of recognised jurisdictions issued by the SFC). No holding of Collective Investment Schemes may be acquired for or added to the Sub-Fund which would result in the value of the Sub-Fund's investment in units or shares in each such Collective Investment Scheme

exceeding thirty per cent (30%) of its latest available Net Asset Value, unless the Collective Investment Scheme is authorized by the SFC, and the name and key investment information of the Collective Investment Scheme are disclosed in this Prospectus.

- (c) In addition, the objective of each Collective Investment Scheme may not be to invest primarily in any investment prohibited by Chapter 7 of the UTMF Code, and where such Collective Investment Scheme's objective is to invest primarily in investments restricted by Chapter 7 of the UTMF Code, such investments may not be in contravention of the relevant limitation.
 - (i) Where the Collective Investment Schemes are also managed by the Manager, or by other companies within the same group that the Manager belongs to, then restrictions in (1)(a), (d) and (g) above and (3) below are also applicable to investments of the Collective Investment Schemes.
 - (ii) A Collective Investment Scheme's objective may not be to invest primarily in other Collective Investment Scheme(s).
 - (iii) For the avoidance of doubt, the Sub-Fund may invest in scheme(s) authorized by the SFC under Chapter 8 (except for hedge funds under Chapter 8.7 of the UTMF Code), eligible scheme(s) (i.e. schemes which are set out in the list of recognised jurisdictions issued by the SFC) of which the net derivative exposure does not exceed one hundred per cent (100%) of its total Net Asset Value, and exchange traded funds ("ETFs") satisfying the requirements in the Note under "Investment in other schemes" of Chapter 7 of the UTMF Code in compliance with Chapter 7.11 and 7.11A of the UTMF Code.
 - (iv) Unless otherwise stated, ETFs satisfying the requirements in the Note under "Investment in other schemes" of Chapter 7 of the UTMF Code shall be considered and treated by the Manager as listed securities for the purposes of and subject to restrictions in (1)(a), (d) and (g) above and (3) below. As such, no holding of any ETF may be acquired or added to the Sub-Fund which would result in the Sub-Fund's investment in each ETF exceeding ten per cent (10%) of its Net Asset Value, unless otherwise stated.
- (d) Where the Sub-Fund invests in any Collective Investment Scheme(s) managed by the Manager or by a Connected Person of the Manager, all initial charges and redemption charges on the underlying Collective Investment Scheme(s) shall be waived. No investment may be made in any underlying Collective Investment Scheme(s) managed by the Manager or by a Connected Person of the Manager if such investment would result in an increase in the overall total of Manager's fees and other costs and charges borne by the Unitholders or by the Sub-Fund.

- (e) The Manager or any person acting on behalf of the Sub-Fund or the Manager shall not obtain a rebate on any fees or charges levied by an underlying Collective Investment Scheme or its management company, or any quantifiable monetary benefits in connection with investments in any underlying Collective Investment Scheme.
- (3) No holding of any Security may be acquired for or added to the Sub-Fund which would result in the value of the Sub-Fund's investments in Securities and other financial products or instruments that are neither listed, quoted nor dealt in on a market (as defined under Chapter 7.3 of the UTMF Code) exceeding fifteen per cent (15%) of the latest available Net Asset Value of the Sub-Fund.
- (4) Notwithstanding the restrictions in 1(a), (d) and (g) above, the Sub-Fund may invest in Government and other public securities (as specified in Notes (1) and (2) to Chapter 7.5 of the UTMF Code) PROVIDED THAT no such securities shall be acquired or added to the Sub-Fund if as a result thereof the value of the Sub-Fund's investment in such securities of the same issue would exceed thirty per cent (30%) of the Sub-Fund's latest available Net Asset Value. Subject to the approval of the SFC, the said thirty per cent (30%) limit may be exceeded, and the Manager may invest all of its assets in Government and other public securities in any number of different issues despite the restriction set out in Chapter 7.5 of the UTMF Code.
- (5) The Sub-Fund shall not invest in physical commodities unless otherwise approved by the SFC on a case-by-case basis, taking into account the liquidity of the physical commodities concerned and availability of sufficient and appropriate additional safeguards where necessary.
- (6) The Sub-Fund may acquire financial derivative instruments for hedging purposes. For the purpose of this restriction, financial derivative instruments are generally considered as being acquired for hedging purposes if they meet all the following criteria:
- they are not aimed at generating any investment return;
 - they are solely intended for the purpose of limiting, offsetting or eliminating the probability of loss or risks arising from the investments being hedged;
 - although they may not necessarily reference to the same underlying assets, they should relate to the same asset class with high correlation in terms of risks and return, and involve taking opposite positions, in respect of the investments being hedged; and
 - they exhibit price movements with high negative correlation with the investments being hedged under normal market conditions.
- (7) The Sub-Fund may acquire financial derivative instruments for non-hedging purposes ("investment purposes") provided that the limit that the Sub-Fund's net exposure relating to these financial derivative instruments ("net derivative

exposure”) does not exceed fifty per cent (50%) of the latest available Net Asset Value of the Sub-Fund. If the Sub-Fund’s net derivative exposure exceeds fifty per cent (50%) of its latest available Net Asset Value, the Sub-Fund shall make available, through the Sub-Fund’s website or other acceptable channels, the information on financial derivative instruments acquired by the Sub-Fund (such as counterparty exposure and collateral information) to investors on an ongoing basis. This Prospectus shall direct investors to the website or other channels where this information shall be published.

- (8) Subject to the restriction in (7) above and the restriction in (9) below, the Sub-Fund may invest in financial derivative instruments provided that no holding of any such financial derivative instruments may be acquired or added to the Sub-Fund which would result in the exposure to the underlying assets of the financial derivative instruments, together with the other investments of the Sub-Fund, in aggregate exceeding the corresponding investment restrictions or limitations applicable to such underlying assets and investments as set out in the restrictions in (1)(a), (d) and (e), (2) and (4) above and (14)(b) below.
- (9) The financial derivative instruments invested by the Sub-Fund shall be either listed/quoted on a stock exchange or dealt in over-the-counter market and comply with the following provisions:
 - (a) the underlying assets consist solely of shares in companies, debt securities, money market instruments, units/shares of Collective Investment Schemes, deposits with substantial financial institutions, Government and other public securities, highly-liquid physical commodities, financial indices, interest rates, foreign exchange rates, currencies, or other asset classes acceptable to the SFC, in which the Sub-Fund may invest according to its investment objectives and policies;
 - (b) the counterparties to transactions of over-the-counter financial derivative instruments or their guarantors are substantial financial institutions;
 - (c) subject to the restrictions in (1)(a) and (1)(d) above, the Sub-Fund’s net counterparty exposure to a single entity arising from transactions of over-the-counter financial derivative instruments may not exceed ten per cent (10%) of the latest available Net Asset Value of the Sub-Fund; and
 - (d) the valuation of the financial derivative instruments is marked-to-market daily, subject to regular, reliable and verifiable valuation conducted by the Manager or the Trustee, or their nominee(s), agent(s) or delegate(s) independent of the issuer of the financial derivative instruments through measures such as the establishment of a valuation committee or engagement of third party services. The financial derivative instruments can be sold, liquidated or closed by an offsetting transaction at any time at their fair value at the Sub-Fund’s initiative. Further, calculation agent/fund administrator should be adequately equipped with the necessary resources to conduct independent marked-to-market valuation

and to verify the valuation of the financial derivative instruments on a regular basis.

- (10) For the avoidance of doubt, restrictions and limitations on counterparty as set out in (1)(a), (1)(d) and (9)(c) above will not apply to financial derivative instruments that are:
 - (a) transacted on an exchange where the clearing house performs a central counterparty role; and
 - (b) marked-to-market daily in the valuation of their financial derivative instrument positions and subject to margining requirements at least on a daily basis.
- (11) The Sub-Fund shall at all times be capable of meeting all its payment and delivery obligations incurred under transactions in financial derivative instruments (whether for hedging or for investment purposes).
- (12) Subject to the restriction in (11) above, a transaction in financial derivative instruments which gives rise to a future commitment or contingent commitment of the Sub-Fund shall be covered as follows:
 - (a) in the case of financial derivative instruments transactions which will, or may at the Sub-Fund's discretion, be cash settled, the Sub-Fund shall at all times hold sufficient assets that can be liquidated within a short timeframe to meet the payment obligation; and
 - (b) in the case of financial derivative instruments transactions which will, or may at the counterparty's discretion, require physical delivery of the underlying assets, the Sub-Fund should hold the underlying assets in sufficient quantity at all times to meet the delivery obligation. If the Manager considers the underlying assets to be liquid and tradable, the Sub-Fund may hold other alternative assets in sufficient quantity as cover, provided that such assets may be readily converted into the underlying assets at any time to meet the delivery obligation.
- (13) Where a financial instrument embeds a financial derivative (as defined in Chapter 7.31 of the UTMF Code), restrictions in (6) to (12) will also apply to the embedded financial derivative.
- (14) The Manager shall not on behalf of the Sub-Fund:
 - (a) invest in any Security of any class in any company or body if any director or officer of the Manager individually owns more than 0.5 per cent (0.5%) of the total nominal amount of all the issued securities of that class, or collectively the directors and officers of the Manager own more than five per cent (5%) of those securities;
 - (b) invest in any type of real estate (including buildings) or interests in real estate (including options or rights, but excluding shares in real estate

companies and interests in real estate investment trusts (REITs)). In the case of investments in such shares and REITs, they shall comply with the investment limits as set out in the restrictions in (1)(a), (d) and (g), (2)(a) and (3) above, where applicable. For the avoidance of doubt, where investments are made in listed REITs, the investment limits as set out in the restrictions in (1)(a), (d) and (g) above apply, and where investments are made in unlisted REITs, which are either companies or Collective Investment Schemes, the restrictions in (2)(a) and (3) apply respectively;

- (c) make short sales if it results in the Sub-Fund's liability to deliver Securities exceeding ten per cent (10%) of the latest available Net Asset Value of the Sub-Fund or if the Security which is to be sold short is not actively traded on a market where short selling activity is permitted. For the avoidance of doubt, the Sub-Fund is prohibited to carry out any naked or uncovered short sale of Securities and short selling should be carried out in accordance with all applicable laws and regulations;
 - (d) subject to the restriction in (3) above, lend, assume, guarantee, endorse or otherwise become directly or contingently liable for or in connection with any obligation or indebtedness of any person;
 - (e) acquire any asset or engage in any transaction which involves the assumption of any liability which is unlimited; or
 - (f) invest in any stock the transfer of which is required to be registered in Hong Kong.
- (15) The Manager shall not be entitled to apply any part of the Sub-Fund in the acquisition of any Security which are for the time being nil paid or partly paid in respect of which a call is to be made for any sum unpaid on that Security unless such call could be met in full out of cash or near cash by the Sub-Fund's portfolio whereby such amount of cash or near cash has not been segregated to cover a future or contingent commitment arising from transaction in financial derivative instruments for the purposes of restrictions in (11) and (12).
- (16) It shall not be necessary for the Manager to effect changes of investments if such action would, in the opinion of the Manager, cause a material disruption to the relevant securities market(s) or merely because, owing to appreciations or depreciations in the value of the investments held or made for the account of the Sub-Fund, any of the limits referred to in this section shall be exceeded, nor by reason of any of those limits being exceeded as a result of the Sub-Fund receiving, taking up or participating in any rights, bonuses or benefits in the nature of capital, or any scheme or arrangement for amalgamation, reconstruction, conversion or exchange, or as a result of any redemption caused by a redemption of Units or any payment out of the Sub-Fund but if and so long as any of such limits shall be exceeded the Manager shall not (otherwise than as aforesaid) acquire any further investments which would result in such limit being further exceeded.

- (17) The Sub-Fund may with the approval of the SFC beneficially own any entity, including all or part of the issued share capital of any company or companies, which for fiscal or other reasons the Manager considers it necessary or desirable for the Trustee to incorporate or acquire for the purpose of holding investments contained in the Sub-Fund, provided that all arrangements in connection with the formation and operation thereof shall have been agreed with the Trustee. None of the prohibitions, limitations or restrictions in this section shall apply to investments in, loans to or deposits with any such entity, and for the purposes of this section investments held by any such entity shall be deemed to be held or (as the case may be) made directly by the Sub-Fund.
- (18) For the purposes of this section:
- (a) Securities shall be deemed to be of the same class or issue if they confer identical rights and (if applicable) are subject to identical restrictions (but so that in the case of an issue of Securities which are in other respects identical with Securities already in issue, any temporary differences in rights as to the dividends or interest between such existing and new Securities shall be disregarded); and
 - (b) the value of any investment for the purpose of any limit contained in this section shall include any accrued interest in respect thereof, and such accrued interest shall also be included in the Net Asset Value of the Sub-Fund.
- (19) The liability of Unitholders shall be limited to their investments in the Sub-Fund.
- (20) Subject to other provisions of this section, the Trustee may at the request of the Manager arrange for any Securities for the time being comprised in the Sub-Fund to be loaned by, or Securities to be loaned to, the Fund through the agency of or directly with any person acceptable to the Trustee (including the Manager or the Trustee or any Connected Person of either of them).
- (21) The Sub-Fund may engage in securities lending, sale and repurchase and reverse repurchase transactions (collectively, “securities financing transactions”), provided that they are in the best interests of Unitholders to do so and the associated risks have been properly mitigated and addressed. The counterparties to securities financing transactions shall be financial institutions which are subject to ongoing prudential regulation and supervision.
- (22) The maximum level of Securities available for lending shall be limited to one hundred per cent (100%) of the latest available Net Asset Value of the Sub-Fund or such other percentage as may from time to time be determined by the Manager and specified in this Prospectus. Where securities financing transactions undertaken by the Sub-Fund exceeds fifty per cent (50%) of its latest available Net Asset Value, the Sub-Fund shall make available, through the Sub-Fund’s own website or other acceptable channels, the information on securities financing transactions undertaken by the Sub-Fund (such as counterparty exposure and collateral information) to investors on an ongoing

basis. This Prospectus shall direct investors to the website or other channels where this information is published. If the lending counterparty is an affiliate of the Manager, the lending transactions shall be disclosed in the Sub-Fund's annual reports.

- (23) The Sub-Fund shall have at least one hundred per cent (100%) collateralization in respect of the securities financing transaction(s) into which it enters to ensure there is no uncollateralized counterparty risk exposure arising from these transactions.
- (24) All the revenues arising from securities financing transactions, net of direct and indirect expenses as reasonable and normal compensation for the services rendered in the context of the securities financing transactions, shall, on receipt by the Trustee, be returned to the Sub-Fund. Where any loan has been arranged through the Manager or the Trustee or a Connected Person of either of them, the relevant entity shall be entitled to retain for its own use and benefit any fee or benefit it receives on a commercial basis in connection with such arrangement.
- (25) The Sub-Fund shall ensure that it is able at any time to recall the Securities or the full amount of cash (as the case may be) subject to the securities financing transaction(s) or terminate the securities financing transaction(s) into which it has entered.

Borrowing Restrictions

Subject to the applicable laws and regulations and the UTMF Code and the terms and conditions hereinafter provided, the Trustee may at any time at the request of the Manager concur with the Manager in making and varying arrangements for the borrowing of cash for the following purposes by the Trustee for the account of the Sub-Fund of any currency provided that no such borrowing shall be made which would result in the aggregate borrowing exceeding ten per cent (10%) of the latest available Net Asset Value of the Sub-Fund:

- facilitating the creation or redemption of Units or defraying operating expenses;
- enabling the Manager to acquire investments for the account of the Sub-Fund; or
- any other purposes as may be agreed by the Manager and the Trustee from time to time.

The assets of the Sub-Fund may be charged or pledged as security for any such borrowings. For the avoidance of doubt, back-to-back loans will not be taken into account when determining whether or not the borrowing limit mentioned above has been breached by the Sub-Fund.

For the avoidance of doubt,

- (i) any settlement lines, intra-day facility limits, FX lines or similar financial accommodation provided by the brokers, banks, custodians, co-custodians or

sub-custodians of the Fund and the Sub-Funds shall not be considered to constitute borrowings; and

- (ii) securities lending transactions and sale and repurchase transactions in compliance with the requirements as set out in restrictions in (21), (23) to (25) above are not subject to the limitations herein.

Level of Leverage

The expected maximum level of leverage of the Sub-Fund is as follows:

The Manager is subject to the borrowing restrictions in respect of the Sub-Fund under the sub-section headed “Borrowing Restrictions” above.

The Manager currently will not invest in financial derivative instruments for the Sub-Fund for non-hedging purposes. Accordingly, the Sub-Fund is not expected to incur any leverage from the use of financial derivative instruments.

General

If any of the investment and borrowing restrictions applicable to the Sub-Fund are breached, the Manager shall as a priority objective take all steps necessary within a reasonable period of time to remedy the situation, having due account to the interests of Unitholders.

The Manager is not immediately required to sell applicable investments or repay any borrowings if any of the investment or borrowing restrictions are exceeded as a result of changes in the value of the Sub-Fund's investments, reconstructions or amalgamations, payments out of the assets of the Sub-Fund or redemptions of Units, but for so long as such limits are exceeded, the Manager shall not acquire any further investments or effect further borrowings (as the case may be) which would result in such limit being further exceeded.

MANAGEMENT AND ADMINISTRATION

Manager and Listing Agent

BOCI-Prudential Asset Management Limited is the Manager and the listing agent of the Sub-Fund. The Manager is a joint venture between BOCI Asset Management Limited and Prudential Corporation Holdings Limited. BOCI Asset Management Limited is a wholly owned subsidiary of BOC International Holdings Limited which in turn is a wholly owned subsidiary of Bank of China Limited. The Manager is specialized in security-based portfolio management business. Teaming up with elite investment professionals, the Manager is devoted to providing advanced and quality services to its clients and is committed to be a professional, prudent and reliable fund management house.

The Manager is licensed with the SFC to carry out Type 1 (dealing in securities), Type 4 (advising on securities), Type 5 (advising on futures contracts), Type 6 (advising on corporate finance) and Type 9 (asset management) regulated activities under section 116(1) of the Securities and Futures Ordinance of Hong Kong. For Type 1 regulated activity, the Manager shall only engage in marketing and distribution activities and only provide services to the accounts and collective investment schemes under the Manager's management. For Type 6 regulated activity, the Manager shall only act as an agent for the listing of index tracking exchange traded funds under its management. In acting as such agent, the Manager shall not advise on any listing that involves initial public offering contemplated under the Corporate Finance Advisor Code of Conduct. Further for Type 6 regulated activity, the Manager shall not act as sponsor in respect of an application for the listing on a recognized stock market of any securities. Also, in performing any distribution functions for index tracking exchange traded funds under its management prior to the listing of such funds, the Manager shall closely follow the distribution process adopted for World Index Shares ETFs.

Trustee, Custodian and Administrator

The Trustee of the Sub-Fund is Cititrust Limited, which is a registered trust company in Hong Kong. The Trustee has appointed Citibank, N.A., Hong Kong Branch as the Custodian and Administrator of the Sub-Fund.

Cititrust Limited is a wholly-owned subsidiary of Citigroup Inc. ("Citigroup"). As a global financial services group, Citigroup and its subsidiaries provide a broad range of financial products and services, including consumer banking, corporate and investment banking, securities brokerage and wealth management to consumers, corporations, governments and institutions.

Citibank, N.A, Hong Kong Branch ("Citibank") has been a provider of custodial and settlement services to domestic and international clients since its establishment in the United States of America in 1814. Citibank began providing securities services in Hong Kong in the mid-1970's and launched a fully operational global custody product in Hong Kong in the mid-1980's. Today, Citibank's Custody and Funds Services business claims a global client base of premier banks, fund managers, broker dealers, insurance companies and government entities.

Custody Arrangements

Below is a summary of the custody arrangements in respect of the Sub-Fund's assets and the material risks associated with such arrangements:

The Trustee has appointed Citibank to act as custodian of the assets of the Sub-Fund. Custodians or sub-custodians may be appointed in local markets for the purpose of safekeeping assets in those markets. Where the Sub-Fund invests in markets where custodial and/or settlement systems are not fully developed, the assets of the Sub-Fund may be exposed to custodial risk. In case of liquidation, bankruptcy or insolvency of a custodian or sub-custodian, the Sub-Fund may take a longer time to recover its assets. In extreme circumstances such as the retroactive application of legislation and fraud or improper registration of title, the Sub-Fund may even be unable to recover all of its

assets. The costs borne by the Sub-Fund in investing and holding investments in such markets will be generally higher than in organised securities markets.

Under the Trust Deed, the Trustee is responsible for the safekeeping of the assets of the Sub-Fund. The Trustee may, however, appoint any person or persons as it thinks fit (including, without limitation, itself or any Connected Person) as custodian(s) (who may, with consent or no objection in writing by the Trustee, appoint such person or persons as it thinks fit as sub-custodian(s)) or co-custodians of the assets of the Sub-Fund. Subject to the paragraphs below, the Trustee shall be responsible and liable for the acts and omissions of its any custodians, co-custodians, sub-custodians appointed by custodians, nominees and agents and delegates in relation to assets forming part of the property of the Sub-Fund.

The Trustee shall (a) exercise reasonable care, skill and diligence in the selection, appointment and ongoing monitoring of any custodians, co-custodians, sub-custodians, nominees and agents and delegates appointed by it for the Sub-Fund provided that the Trustee may pre-clear the appointment of sub-custodians by its custodian or provide consent/no objection in advance to an agreed-upon process and provided that the Trustee is satisfied that its custodian will exercise reasonable care and diligence in the selection, appointment and ongoing monitoring of such sub-custodians and has appropriate and adequate process and procedures in place for doing so; (b) be satisfied that each of such custodians, co-custodians, sub-custodians, nominees and agents and delegates remains suitably qualified and competent on an ongoing basis to provide services to the Fund and the Sub-Fund; (c) be responsible and liable for the acts and omissions of any of its custodian, co-custodians, sub-custodians, nominees, agents and delegates which is a Connected Person of the Trustee as if the same were the acts or omissions of the Trustee. For the purpose of satisfying the aforesaid obligations in respect of a custodian, co-custodians, sub-custodians, nominee, agent and delegate that is not a Connected Person of the Trustee, the Trustee shall (i) exercise reasonable care and diligence in the selection, appointment and ongoing monitoring of its custodian, co-custodians, sub-custodians, nominees, agents and delegates; and (ii) be satisfied that the custodian, co-custodians, sub-custodians, nominees, agents and delegates retained remain suitably qualified and competent to provide the relevant service; (d) not be responsible for the insolvency, liquidation or bankruptcy of custodian or sub-custodian which is not a Connected Person of the Trustee if the Trustee has discharged its obligations set out in (a) and (b) above; and (e) not be liable for any act, omission, insolvency, liquidation or bankruptcy of Clearstream, Luxembourg or any other depository, institution or clearing system which may from time to time be approved by the SFC in relation to any investment deposited with such depository, institution or clearing system.

The Trustee shall ensure that the overall custodial/safekeeping arrangement are properly and adequately put in place to provide safeguards for the property of the Sub-Fund, having taken into account, among others, applicable local legal and regulatory requirements.

The Trustee and Custodian will (A) segregate the property of the Sub-Fund from the property of: (1) the Manager, investment delegates and their respective Connected Persons; (2) the Trustee/Custodian and any nominees, agents or delegates throughout

the custody chain; and (3) other clients of the Trustee/Custodian and nominees, agents or delegates throughout the custody chain, unless held in an omnibus account with adequate safeguards in line with international standards and best practices to ensure that the property of the Sub-Fund is properly recorded with frequent and appropriate reconciliations being performed; and (B) put in place appropriate measures to verify ownership of the property of the Sub-Fund.

Any custodian or co-custodian may further appoint its sub-custodians, nominees, agents and/or delegates provided that such appointment is made with prior consent or no objection in writing by the Trustee. For the purposes of satisfying the above, the Trustee may pre-clear such appointment or provide consent/ no objection in advance to an agreed-upon process provided that the Trustee has satisfied itself that (i) the custodian or co-custodian has exercised reasonable care and diligence in the selection, appointment and ongoing monitoring of its sub-custodians, nominees, agents and/or delegates and (ii) has appropriate and adequate processes and procedures in place for doing so. The Trustee shall exercise reasonable care and diligence: (i) to ensure that the processes and procedures mentioned in this paragraph have been properly implemented by the custodian and/or co-custodian (as the case may be), and (ii) to conduct regular reviews of such custodian's and/or co-custodian's processes and procedures to ensure that the Trustee remains satisfied that such processes and procedures remain appropriate and adequate for the selection, appointment and ongoing monitoring of such sub-custodians, nominees, agents and/or delegates.

Registrar

Computershare Hong Kong Investor Services Limited is the registrar of the Sub-Fund. The registrar provides services in respect of the establishment and maintenance of the Register of the Unitholders of the Sub-Fund.

Service Agent

HK Conversion Agency Services Limited is the service agent of the Sub-Fund under the terms of the service agreement entered into among the Manager, the Trustee, HK Conversion Agency Services Limited, the HKSCC, Computershare Hong Kong Investor Services Limited and each Participating Dealer and the Participating Dealer's agent (if any). The HK Conversion Agency Services Limited will perform certain services in connection with the creation and redemption of Units by the Participating Dealer(s) and the Participating Dealer's agent (if any).

CREATION AND REDEMPTION OF UNITS

Creation of Units

Unless otherwise determined by the Manager, a Creation Application shall only be made by a Participating Dealer in accordance with the terms of the Trust Deed and the relevant Participation Agreement on a Dealing Day in respect of Units constituting an Application Unit size or whole multiples thereof. Until 12 August 2018, for any creation, the dealing period on each Dealing Day commences at 12:00 noon on the

previous Business Day before the Dealing Day and ends at the Dealing Deadline at 10:00 a.m. on the Dealing Day. With effect from 13 August 2018, such Dealing Deadline will be extended to 11:00 a.m. on that Dealing Day so that for any creation, the dealing period on each Dealing Day commences at 12:00 noon on the previous Business Day before the Dealing Day and ends at the Dealing Deadline at 11:00 a.m. on the Dealing Day. Such dealing periods may be revised by the Manager from time to time. A Creation Application once given cannot be revoked or withdrawn without the consent of the Manager (which consent shall not be unreasonably withheld).

Procedures for Creation of Units

A Creation Application must comply with the requirements in respect of creation of Units set out in the Trust Deed and the relevant Participation Agreement and be accompanied by such certifications and legal opinions as the Trustee and the Manager may require in order to be effective.

Pursuant to a valid Creation Application that has been accepted by the Manager, the Manager and/or any person duly appointed by the Manager for such purpose shall have the exclusive right to instruct the Trustee to create for the account of the Sub-Fund the Units in a class in Application Unit size or whole multiples thereof in exchange for the delivery by the relevant Participating Dealer, to or for the account of the Trustee, of:

- (a) a cash payment equivalent to the purchase costs of the relevant Application Basket (which shall be accounted for as Deposited Property), which the Manager shall use to purchase the A Shares constituting the Basket(s), and the Manager shall be entitled in its absolute discretion to charge (for the account of the Sub-Fund) to each Participating Dealer an additional sum which represents the appropriate provision for duties and charges (which may include, but is not limited to, a provision for stamp duties and other transaction charges or taxes applicable to the purchase (or estimated to be applicable to the future purchase) of the relevant A Shares)

plus,

- (b) if the Cash Component is a positive value, a cash payment equivalent to the amount of the relevant Cash Component; if the Cash Component is a negative value, the Trustee shall be required to make a cash payment equivalent to the amount of the Cash Component (expressed as a positive figure) to the relevant Participating Dealer. If the Sub-Fund has insufficient cash required to pay any Cash Component payable by the Sub-Fund, the Manager may instruct the Trustee to sell the Deposited Property of the Sub-Fund, or to borrow moneys to provide the cash required.

In relation to such Creation Applications, the Manager reserves the right to require the Participating Dealer to pay an additional sum for the purpose of compensating or reimbursing the Sub-Fund for the difference between:

- (a) the prices used when valuing the relevant A Shares to be acquired by the Sub-Fund for the purpose of such issue of Units; and

- (b) the prices which would be used when acquiring the same A Shares if they were acquired by the Sub-Fund with the amount of cash received by the Sub-Fund upon such issue of Units.

The Participating Dealer may pass on to the relevant investor such additional sum.

Denomination and issue price of units

Units are denominated in the Base Currency (unless otherwise determined by the Manager) and no fractions of a Unit shall be created or issued by the Trustee. Once Units are created, the Manager shall instruct the Trustee to issue, for the account of the Sub-Fund, the Units to the relevant Participating Dealer in accordance with the relevant Operating Guidelines. In respect of each Creation Application, the Issue Price of a Unit of any class in the Sub-Fund shall be equal to one-hundredth (1/100th) of the closing level of the SSE 50 as at the close of the Initial Offer Period. After the close of the Initial Offer Period, the Issue Price of a Unit of any class in the Sub-Fund shall be the Net Asset Value per Unit of the relevant class as at the relevant Dealing Day rounded to the nearest fourth (4th) decimal place. Any commission, remuneration or other sum payable by the Manager to any agent or other person in respect of the issue or sale of any Unit shall not be added to the Issue Price of such Unit and shall not be paid by the Sub-Fund.

Where a Creation Application is received or deemed to be received and accepted before the Dealing Deadline on a Dealing Day, creation and issue of Units pursuant to that Creation Application shall be effected on that Dealing Day, but :

- (a) for valuation purposes only, Units shall be deemed to be created and issued after the Valuation Point on that Dealing Day; and
- (b) the Register shall be updated on the Settlement Day or (if the settlement period is extended) the Dealing Day immediately following the Settlement Day provided that the Trustee shall be entitled to refuse to enter (or allow to be entered) Units in the Register if at any time the Trustee is of the opinion that the issue of Units does not comply with the provisions of the Trust Deed.

Where a Creation Application is received on a day which is not a Dealing Day or is received after the Dealing Deadline on a Dealing Day, that Creation Application shall be carried forward and deemed to be received at the opening of business on the next following Dealing Day, which shall be the Dealing Day for the purposes of that Creation Application.

In respect of each Creation Application, the Manager shall be entitled to, for the account and benefit of the Trustee, charge the Transaction Fee, which shall be paid by or on behalf of the relevant Participating Dealer and may be set off and deducted against any Cash Component due to the relevant Participating Dealer in respect of such Creation Application. The Manager shall have the right to revise the amount of the Transaction Fee it charges provided that the level of Transaction Fee charged to all Participating Dealers is the same.

Rejection of Creation of Units

The Manager reserves the absolute right to reject a Creation Application and the relevant Participating Dealer reserves the absolute right to reject a request from any third party investor to submit a Creation Application. Quota control is imposed under Northbound trading under Shanghai-Hong Kong Stock Connect. The Manager may reject a Creation Application in case of insufficient quota balances (more information relating to the quota is set out in the section headed “Shanghai-Hong Kong Stock Connect” in Appendix I).

Certificates

No certificates will be issued in respect of the Units of the Sub-Fund. All Units of the Sub-Fund will be registered in the name of the HKSCC Nominees Limited by the Registrar on the Register of Unitholders of the Sub-Fund, which is the evidence of ownership of Units. Beneficial interest of retail investors in the Units of the Sub-Fund will be established through an account with a participant in CCASS.

Cancellation of Creation Applications

The Trustee shall cancel Units created and issued in respect of a Creation Application under the following circumstances:

- (a) any cash payment for exchange of Units payable in respect of the Application is not received in cleared funds by such time on the Settlement Day as prescribed in the relevant Operating Guidelines; or
- (b) the full amount of the Cash Component (if applicable) and any duties, fees and charges payable in respect of the Creation Application have not been received in cleared funds by or on behalf of the Trustee by such time on the Settlement Day as prescribed in the relevant Operating Guidelines,

provided that the Manager may in its discretion, with the approval of the Trustee, extend the settlement period on such terms and conditions as the Manager may determine.

Upon cancellation of any Units created pursuant to a Creation Application as mentioned above or if a Participating Dealer withdraws a Creation Application other than in the circumstances contemplated in the Trust Deed, such Units shall be deemed for all purposes never to have been created and the relevant Participating Dealer shall have no right or claim against the Manager or the Trustee in respect of such cancellation provided that:

- (a) any cash received by or on behalf of the Trustee in respect of such cancelled Units shall be redelivered to the Participating Dealer;
- (b) the Manager shall be entitled to charge the relevant Participating Dealer for the account and benefit of the Trustee an Application Cancellation Fee;

- (c) the Manager may at its absolute discretion require the relevant Participating Dealer to pay to the Trustee for the account of the Sub-Fund in respect of each cancelled Unit Cancellation Compensation, being the amount (if any) by which the Issue Price of each such Unit exceeds the Redemption Price which would have applied in relation to each such Unit if a Participating Dealer had, on the date on which such Units are cancelled, made a Redemption Application;
- (d) the Trustee shall for its own benefit be entitled to the Transaction Fee payable in respect of the Creation Application; and
- (e) no previous valuations of the Sub-Fund shall be re-opened or invalidated as a result of the cancellation of such Units.

Redemption of Units

Unless otherwise determined by the Manager, a Redemption Application shall only be made by a Participating Dealer in accordance with the terms of the Trust Deed and the relevant Participation Agreement on a Dealing Day in respect of Units constituting an Application Unit size or whole multiples thereof. Until 12 August 2018, for any redemption, the dealing period on each Dealing Day commences at 12:00 noon on the previous Business Day before the Dealing Day and ends at the Dealing Deadline at 10:00 a.m. on the Dealing Day. With effect from 13 August 2018, such Dealing Deadline will be extended to 11:00 a.m. on that Dealing Day so that for any redemption, the dealing period on each Dealing Day commences at 12:00 noon on the previous Business Day before the Dealing Day and ends at the Dealing Deadline at 11:00 a.m. on the Dealing Day. Such dealing periods as may be revised by the Manager from time to time. A Redemption Application once given cannot be revoked or withdrawn without the consent of the Manager (which consent shall not be unreasonably withheld).

A Redemption Application must comply with the requirements in respect of redemption of Units set out in the Trust Deed and the relevant Participation Agreement and be accompanied by such certifications and legal opinions as the Trustee and the Manager may require in order to be effective. Pursuant to a valid Redemption Application accepted by the Manager, the Manager shall instruct the Trustee to redeem and cancel

the relevant Units on the Settlement Day in accordance with the relevant Operating Guidelines and to transfer to the relevant Participating Dealer:

- (a) the sale proceeds (of the relevant Application Basket(s)) in cash provided that the Manager shall be entitled in its absolute discretion to charge (for the account of the Sub-Fund) to each Participating Dealer an additional sum which represents the appropriate provision for duties and charges (which may include, but is not limited to, a provision for stamp duties and other transaction charges or taxes applicable to the sale (or estimated to be applicable to the future sale) of the relevant A Shares),

plus,

- (b) where the Cash Component is a positive value, a cash payment equivalent to the amount of the Cash Component. If the Sub-Fund has insufficient cash to pay any Cash Component payable by the Sub-Fund, the Manager may instruct the Trustee to sell the Deposited Property of the Sub-Fund, or to borrow moneys, to provide the cash required. If the Cash Component is a negative value, the relevant Participating Dealer shall be required to make a cash payment equivalent to the amount of the Cash Component (expressed as a positive figure) to or to the order of the Trustee.

In respect of Redemption Applications, the Manager reserves the right to require the Participating Dealer to pay an additional sum for the purpose of compensating or reimbursing the Sub-Fund for the difference between:

- (a) the prices used when valuing the relevant A Shares of the Sub-Fund for the purpose of such redemption of Units; and
- (b) the prices which would be used when selling the same A Shares if they were sold by the Sub-Fund in order to realise the amount of cash required to be paid out of the Sub-Fund upon such redemption of Units.

The Participating Dealer may pass on to the relevant investor such additional sum.

The Redemption Price of Units redeemed shall be the Net Asset Value per Unit of the relevant class rounded to the nearest fourth (4th) decimal place. Unless specifically requested to do so by the relevant Participating Dealer, not later than one (1) month after the relevant Dealing Day, the Trustee shall be under no obligation to check the calculation of the Redemption Price in connection with any redemption of Units. Should the Manager be in any doubt as to the Redemption Price in connection with any redemption of Units, the Manager will request an independent third party to check the Redemption Price.

Under normal circumstances, the maximum interval between (i) the receipt of a properly documented Redemption Application and (ii) payment of redemption proceeds to the relevant investor may not exceed one (1) calendar month.

Under exceptional circumstances, the Manager reserves the right to reject a Redemption Application and the relevant Participating Dealer reserves the right to reject a request from any third party to submit a Redemption Application provided that the Manager or the relevant Participating Dealer (as the case may be) must act reasonably and in good faith and will take into account the interests of all Unitholders to ensure that the interests of all Unitholders will not be materially adversely affected.

With a view to protecting the interests of Unitholders, the Manager shall have the discretion, in consultation with the Trustee, to limit the total number of Units of the Sub-Fund to be redeemed on any Dealing Day (whether by sale to the Manager or by cancellation by the Trustee) (disregarding the number of Units to be issued on the same Dealing Day) to twenty per cent (20%) of the latest available Net Asset Value of the

Sub-Fund. In this event, the limitation will apply pro rata so that all Unitholders wishing to redeem Units in the Sub-Fund on that Dealing Day will redeem the same proportion by value of such Units, and Units not redeemed (but which would otherwise have been redeemed) will be carried forward and given priority for redemption, subject to the same limitation, on the next Dealing Day and the redemption price will then be determined by reference to the Net Asset Value per Unit on such next Dealing Day. If requests for redemption are so carried forward, the Manager will inform the Unitholders concerned.

Where a Redemption Application is received on a day which is not a Dealing Day or is received after the Dealing Deadline on a Dealing Day, that Redemption Application shall be carried forward and deemed to be received at the opening of business on the next following Dealing Day, which shall be the relevant Dealing Day for the purposes of that Redemption Application. For valuation purposes, the relevant Valuation Point shall be the Valuation Point for the Dealing Day on which the Redemption Application is deemed to be received.

In respect of each Redemption Application, the Manager shall be entitled to, for the account and benefit of the Trustee, charge the Transaction Fee which shall be paid by the relevant Participating Dealer and may be set off and deducted against any Cash Component due to the relevant Participating Dealer in respect of such Redemption Application. The Manager shall have the right to revise the amount of the Transaction Fee it charged provided that the level of Transaction Fee charged to all Participating Dealers is the same.

The Manager shall be entitled to deduct from and set off against any Cash Component payable to a Participating Dealer on the redemption of Units a sum (if any) which represents the appropriate provision for duties and charges, the Transaction Fee and any other fees payable by the Participating Dealer. If the Cash Component is insufficient to pay such duties and charges, the Transaction Fee and any other fees payable on such redemption, the Participating Dealer shall promptly pay the shortfall to or to the order of the Trustee.

Upon redemption of Units pursuant to a valid Redemption Application,

- (a) the funds of the Sub-Fund shall be deemed to be reduced by the cancellation of such Units and, for valuation purposes, such Units shall be deemed to have been redeemed and cancelled after the Valuation Point as at the Dealing Day on which the Redemption Application is or is deemed to be received; and
- (b) the name of the Unitholder of such Units shall be removed from the Register on the relevant Settlement Day.

In respect of a Redemption Application, unless the requisite documents in respect of the relevant Units have been delivered to the Manager by such time on the Settlement Day as prescribed in the relevant Operating Guidelines, the Redemption Application shall be deemed never to have been made except that the Transaction Fee in respect of such Redemption Application shall remain due and payable and once paid, shall be retained by and for the benefit of the Trustee, and in such circumstances :

- (a) the Manager shall be entitled to charge the Participating Dealer for the account and benefit of the Trustee an Application Cancellation Fee;
- (b) the Manager may at its absolute discretion require the Participating Dealer to pay to the Trustee, for the account of the Sub-Fund, Cancellation Compensation in respect of each Unit, being the amount (if any) by which the Redemption Price of each Unit is less than the Issue Price which would have applied in relation to each Unit if a Participating Dealer had, on the final day permitted for delivery of the requisite documents in respect of the Units which are the subject of the Redemption Application, made a Creation Application; and
- (c) no previous valuations of the Sub-Fund shall be re-opened or invalidated as a result of an unsuccessful Redemption Application,

provided that the Manager, with the approval of the Trustee, may at its discretion extend the settlement period on such terms and conditions as the Manager may determine.

Compulsory Redemptions under Certain Circumstances

The Manager may compulsorily redeem a Unitholder's Units in the Sub-Fund (or any part thereof) upon reasonable notice as if the Unitholder had requested the redemption of such Units and close any accounts held by a Unitholder for the Unitholder's investments in the Sub-Fund if:

- (a) the Unitholder is or becomes or is holding the Units for the account of or benefit of (i) a US Person under Regulation S; or (ii) Reportable Person under FATCA (as defined in the "FATCA" sub-section); or (iii) any other Unqualified Person (as defined in the "Definitions" section on page 12);
- (b) the Unitholder refuses or fails to provide in a timely manner any information or documents or other assistance as reasonably requested by the Manager (and where applicable, the Trustee) for the purpose of meeting any demands, disclosure or reporting requirements as may be required under any applicable local or foreign laws and regulations issued by regulatory or governmental authorities of relevant jurisdiction, including but not limited to FATCA and AEOI;
- (c) the Unitholder withdraws consent to the reporting or disclosure of any information or documents relating to the Unitholder or the Unitholder's investments as may be required under any applicable local or foreign laws and regulations issued by regulatory or governmental authorities of relevant jurisdiction, including but not limited to FATCA and AEOI; or
- (d) it is, in the opinion of the Manager, required for the purpose of complying with any applicable local or foreign laws and regulations issued by regulatory or governmental authorities of relevant jurisdiction, including but not limited to FATCA and AEOI.

The Manager has a right to withhold, set-off or deduct reasonable amounts from the redemption proceeds, provided that: (i) such withholding, set-off or deduction is permitted by applicable laws and regulations; and (ii) the Manager is acting in good faith and on reasonable grounds.

The Manager will notify the Trustee and/or the other relevant service providers before any such redemption is made or any closing of account is done.

LIQUIDITY RISK MANAGEMENT

Unitholders should be aware of the potential impact of the liquidity risks on the Sub-Fund. For details, please refer to paragraph “(t) Liquidity Risk” and sub-paragraph (ii) of paragraph (o) “Risk related to equity securities like A Shares” of “Risk Factors” section above.

The Manager has established a liquidity risk management policy which enables it to identify, monitor and manage the liquidity risks of the Sub-Fund and to ensure that the liquidity profile of the investments of the Sub-Fund will facilitate compliance with its obligation to meeting redemption requests. Such policy, combined with the liquidity risk management tools employed by the Fund, also seeks to achieve fair treatment of Unitholders and safeguard the interests of remaining Unitholders in case of sizeable redemptions.

The Manager’s liquidity management policy takes into account the investment strategy, liquidity profile, and redemption policy for the Sub-Fund. These measures seek to ensure fair treatment and transparency for all investors.

The liquidity management policy involves monitoring the profile of investments held by the Sub-Fund on an on-going basis to ensure that such investments are appropriate to the redemption policy as stated under the sub-section headed “Redemption of Units” on pages 49 to 52, and will facilitate compliance with the Sub-Fund’s obligation to meet redemption requests. Further, the liquidity management policy includes details on periodic stress testing carried out by the Manager to manage the liquidity risk of the Sub-Fund under normal and exceptional market conditions.

DETERMINATION OF NET ASSET VALUE

The Net Asset Value of the Sub-Fund shall be determined in accordance with the policy established by the Manager in consultation with the Trustee at the Valuation Point on each Dealing Day (or at such other time as the Manager determines in consultation with the Trustee) by valuing the assets of the Sub-Fund and deducting the liabilities of the Sub-Fund in accordance with the terms of the Trust Deed.

The Trust Deed provides, inter alia, that the value of investments in the Sub-Fund shall be determined as follows :

- (a) the value of any investment quoted, listed or normally dealt in on a market (other than an interest in a Collective Investment Scheme) shall be calculated by reference to the price which appears to the Manager to be the last closing bid price on the relevant Dealing Day or (if no last closing bid price is available) the last traded price on the relevant Dealing Day or (if no last traded price) the latest available market bid price (as at such time as shall be determined by the Manager) on the market on which the investment is quoted, listed or ordinarily dealt in for such amount of such investment as the Manager may consider in the circumstances to provide a fair criterion, PROVIDED THAT:
- (i) if an investment is quoted, listed or normally dealt in on more than one market, the Manager shall adopt the price or, as the case may be, middle quotation on the market which, in its opinion, provides the principal market for such investment;
 - (ii) in the case of any investment which is quoted, listed or normally dealt in on a market but in respect of which, for any reason, prices on that market may not be available at any relevant time, the value thereof shall be certified by such firm or institution making a market in such investment as may be appointed for such purpose by the Manager or, if the Trustee so requires, by the Manager after consultation with the Trustee;
 - (iii) there shall be taken into account interest accrued on interest-bearing investments up to (and including) the date as at which the valuation is made, unless such interest is included in the quoted or listed price;

and for the purpose of the foregoing provisions the Manager or the Administrator (if agreed by the Manager and the Trustee) shall be entitled to use and to rely upon electronic price feeds from such source or sources as they may from time to time think fit with regard to the pricing of the investments on any market notwithstanding that the prices so used are not the last closing bid prices and references to valuation of investments or deposits on a particular day or at a particular time may, if such a system is used, mean the valuation on the system on that day or at that time notwithstanding it may have been taken at a time or times selected by the system and be prior to that day or time, and the Manager shall use reasonable endeavours to ensure that such source or sources are, in its reasonable opinion, reliable and independent;

- (b) the value of any investment which is not quoted, listed or ordinarily dealt in on a market shall be the initial value thereof equal to the amount expended out of the Sub-Fund in the acquisition thereof (including in each case the amount of the stamp duties, commissions and other expenses incurred in the acquisition thereof and the vesting thereof in the Trustee) provided that the Manager may at any time in consultation with the Trustee and shall at such times or at such intervals as the Trustee may request, cause a revaluation to be made of any unquoted investment by a professional person approved by the Trustee as qualified to value such unquoted investment;

- (c) cash, deposits and similar investments shall be valued at their face value (together with accrued interest) unless, in the opinion of the Manager, any adjustment should be made to reflect the fair market value thereof;
- (d) the value of each unit, share or other interest in any Collective Investment Scheme which is valued as at the same day as the Sub-Fund shall be the net asset value per Unit or share in such Collective Investment Scheme as at that day or, if the Manager so determines, or if such Collective Investment Scheme is not valued as at the same day as the Sub-Fund, the value of such interest shall be the latest available net asset value per Unit, share or other interest in such Collective Investment Scheme;
- (e) notwithstanding the foregoing, the Manager may, in consultation with the Trustee, adjust the value of any cash, deposits and/or investments or permit some other method of valuation to be used if, having regard to currency, applicable rate of interest, maturity, marketability and/or other considerations it deems relevant, it considers that such adjustment or use of such other method is required to reflect the fair value thereof. The Manager may also carry out regular independent valuation of the investments as it deems appropriate; and
- (f) the value of any investment (whether of a Security or cash) otherwise than in the Base Currency shall be converted into the Base Currency at the rate (whether official or otherwise) which the Manager shall deem appropriate in the circumstances having regard to any premium or discount which may be relevant and to costs of exchange.

SUSPENSION OF DEALINGS OF UNITS AND DETERMINATION OF NET ASSET VALUE

The Manager may, in consultation with the Trustee and having regard to the best interests of the Unitholders, declare on the website maintained by the Manager for the Sub-Fund and/or in one leading Hong Kong English language and one Chinese language daily newspaper or through such other means as the Manager considers appropriate a suspension of dealings of Units and the determination of the Net Asset Value of the Sub-Fund for the whole or any part of any period during which:

- (a) there is a closure of or the restriction or suspension of trading on any securities market on which a substantial part of the investments of the Sub-Fund is normally traded or a breakdown in any of the means normally employed by the Manager or the Trustee (as the case may be) in ascertaining the prices of investments or determining the Net Asset Value or the Issue Price or Redemption Price of a Unit;
- (b) for any other reason, the prices of investments held or contracted for by the Manager for the account of the Sub-Fund cannot, in the opinion of the Manager, reasonably, promptly and fairly be ascertained;

- (c) circumstances exist as a result of which, in the opinion of the Manager, it is not reasonably practicable to realize any investments held or contracted for the account of the Sub-Fund or it is not possible to do so without seriously prejudicing the interests of Unitholders of the Sub-Fund;
- (d) the remittance or repatriation of funds which will or may be involved in the redemption of, or in the payment for, the investments of the Sub-Fund or the subscription or redemption of any classes of Unit is delayed or cannot, in the opinion of the Manager, be carried out promptly at normal exchange rates; or
- (e) the SSE 50 is not compiled or published.

The Manager shall have the absolute discretion to suspend an Application received prior to the suspension of dealings of Units. The Manager shall notify the SFC as soon as reasonably practicable upon any suspension of dealings of Units and the determination of the Net Asset Value of the Sub-Fund.

Upon declaration of the suspension by the Manager, the suspension shall take effect. During the suspension,

- (a) there shall be no dealings and no determination of the Net Asset Value of the Sub-Fund;
- (b) the Manager shall be under no obligation to rebalance the Basket(s) or (in case of other Index Security) the Deposited Property of the Sub-Fund;
- (c) no Applications shall be made by any of the Participating Dealers; and
- (d) no Units shall be created and issued or redeemed for the account of the Sub-Fund.

The suspension shall terminate and dealings and the determination of the Net Asset Value of the Sub-Fund shall resume (a) when the Manager declares the suspension at an end, or (b) in any event on the day following the first Business Day on which the condition giving rise to the suspension ceases to exist; and no other condition under which suspension shall be declared exists.

As soon as practicable after the termination of suspension and resumption of dealings of Units and the determination of the Net Asset Value of the Sub-Fund, the Manager shall, having regard to the interests of Unitholders, publish a notice of such termination of suspension on the website maintained by the Manager for the Sub-Fund and/or in one leading Hong Kong English language and one Chinese language daily newspaper or through such other means as the Manager considers appropriate and notify the SFC immediately upon such termination of suspension.

A Participating Dealer may at any time after a suspension has been declared and before termination of such suspension withdraw an Application submitted prior to such suspension not otherwise accepted by the Manager by notice in writing to the Manager and the Manager shall promptly notify the Trustee accordingly. If the Manager has not

received any such notification of withdrawal of such Application before termination of such suspension, the Trustee shall, subject to and in accordance with the provisions of the Trust Deed, create and issue Units or redeem Units in respect of such Application and such Application shall be deemed to be received immediately following the termination of such suspension.

SUSPENSION OF DEALING IN UNITS ON THE SEHK

Dealing in Units on the SEHK, or trading on the SEHK generally, may at any time be suspended by the SEHK subject to any conditions imposed by the SEHK if the SEHK considers it necessary for the protection of investors or for the maintenance of an orderly market or in such other circumstances as the SEHK may consider appropriate.

The Manager shall publish any announcement on suspension of dealing in Units on the SEHK in accordance with the rules of the SEHK.

DISTRIBUTION POLICY

In respect of the Sub-Fund, the Manager may in its discretion make distributions to Unitholders in each financial year as the Manager considers appropriate, having regard to the net income of the Sub-Fund.

The Manager will normally make distributions out of net income received or receivable by the Sub-Fund. However, in the event that the net income is insufficient to pay the distributions that it declares, the Manager may also, in its absolute discretion, determine that distributions be paid out of the capital of the Sub-Fund, or the Manager may, in its discretion, pay distributions out of its gross income while charging / paying all or part of its fees and expenses to / out of the capital of the Sub-Fund, resulting in an increase in distributable income for the payment of distributions by the Sub-Fund and therefore, the Sub-Fund may effectively pay distributions out of capital. This may reduce the capital that the Sub-Fund has available for investment in future and may constrain capital growth.

Investors should be aware that in circumstances where distributions are paid out of capital or effectively out of capital, this amounts to a return or withdrawal of part of the amount investors originally invested or from any capital gains attributable to that original investment. Any distributions involving payment of distributions out of capital or payment of distributions effectively out of capital (as the case may be) may result in an immediate decrease in the Net Asset Value per Unit.

The Manager has the discretion to determine if and to what extent distributions will be paid out of capital. No distributions will be paid by the Sub-Fund if the capital of the Sub-Fund is insufficient to pay the distributions.

The amount of distributions (if any) may go up or go down. The Manager has discretion as to whether or not to make any distributions for the Sub-Fund. The

Manager also has the sole and absolute discretion to determine or vary the frequency, the dates and amount for distribution. However, there is no guarantee as to whether or not distributions will be made and the amount of distributions to be paid in a financial year. Investors should also note that there is no guarantee of regular distribution payments during the period investors hold the Units of the Sub-Fund.

The compositions of the distributions (i.e. the relative amounts paid out of (i) net distributable income and (ii) capital) for the last 12 months are available by the Manager on request and can be found at the Manager's website (www.boci-pru.com.hk). The Manager's website has not been reviewed by the SFC.

The Manager may amend the distribution policy subject to SFC's prior approval (where applicable) and normally by giving not less than one (1) month's prior notice to Unitholders.

CHARGES AND EXPENSES

For details of the amount of fees and charges currently applicable to the Sub-Fund, please refer to Appendix IV.

Management Fee and Servicing Fee

The Manager is entitled to receive a management fee for the Sub-Fund calculated as a percentage of the Net Asset Value of the relevant class of Units of the Sub-Fund. The management fee will be deducted from the assets of the Sub-Fund. The maximum management fee the Manager may levy shall be 2.0% per annum of the Net Asset Value of the Sub-Fund.

In addition, the Manager is entitled to receive a servicing fee for the Sub-Fund calculated as a percentage of the net asset value of the Sub-Fund. The servicing fee will be deducted from the assets of the Sub-Fund. The maximum servicing fee the Manager may levy is 1% per annum of the net asset value of the Sub-Fund.

Both the management fee and servicing fee are calculated and accrued on each Dealing Day and are paid monthly in arrears.

The Manager may at any time decrease the rate of management fee or servicing fee in respect of any class of Units of the Sub-Fund. The Manager may also increase the rate of management fee or servicing fee payable in respect of any class of Units of the Sub-Fund (up to the maximum rate as set out above) on giving not less than three (3) months' notice (or such other notice period as the SFC may allow or require) of such increase to affected Unitholders and the Trustee.

Trustee Fee

The Trustee is entitled to receive a trustee fee in respect of the Sub-Fund calculated as a percentage of the net asset value of the relevant class of Units of the Sub-Fund. The

Manager shall pay the trustee fee chargeable by the Trustee out of the management fees received by it.

In addition, the Trustee is entitled to (i) transaction and processing fees in accordance with its normal scales as agreed with the Manager; (ii) subject to the agreement between the Trustee and the Manager, all or any part of Application Cancellation Fee and Transaction Fee charged to a Participating Dealer; (iii) inception fee of US\$10,000 for the establishment of the Fund and a further inception fee of US\$2,500 for the Sub-Fund (such inception fees represent the fees of the Trustee and are not part of the establishment costs of the Fund or the Sub-Fund); and (iv) such other fees as may be permitted under the Trust Deed.

Other Charges and Expenses

The Sub-Fund shall bear the costs set out in the Trust Deed which are directly attributable to it. Where such costs are attributable to the Sub-Fund and other sub-funds of the Fund, the Sub-Fund will bear such costs in proportion to its respective net asset value or in such other manner as the Manager shall consider appropriate. Such costs include but are not limited to the costs incurred in the establishment, structuring, management and administration of the Fund and its sub-funds, the costs of investing and realizing the investments of the sub-funds, the charges, fees, expenses, taxes or other duties in obtaining collateral, or implementing other measures or arrangements in mitigating the counterparty risk or other exposures of the sub-funds, the fees and expenses of Registrar, Service Agent, custodians and sub-custodians of the assets of the Fund, the fees and expenses of the auditors, valuation costs, legal fees, the costs incurred in connection with any listing or regulatory approval, the costs of holding meetings of Unitholders and the costs incurred in the preparation and printing of any prospectus, any audited accounts or interim reports which are sent to the Unitholders.

The first accounting period of the Sub-Fund was from the close of the Initial Offer Period to 31 December 2009. Subsequent accounting periods of the Sub-Fund are from 1 January to 31 December of each year.

In addition to the above, Unitholders may be required to pay any requisite governmental tax, stamp duty, registration fee, custody and nominee charges as may be required in the purchase or sale of the Units in the Sub-Fund. Fees payable by retail investors dealing in the Units on the SEHK are set out under the “Fees Payable by Participating Dealers and Retail Investors” section in Appendix IV.

POTENTIAL CONFLICT OF INTEREST, TRANSACTIONS WITH CONNECTED PERSONS AND SOFT COMMISSIONS

The Manager and the Trustee and Custodian or their Connected Persons may, from time to time, act as manager, investment adviser, trustee or as custodian or in such other capacity in connection with or be otherwise involved in or with any other collective investment schemes separate and distinct from the Fund and the Sub-Fund, including those that have similar investment objectives to those of the Sub-Fund, or contract with or enter into financial, banking or other transaction with one another or with any investor

of the Sub-Fund, or any company or body any of whose shares or securities form part of the Sub-Fund or may be interested in any such contract or transaction and shall not be liable to account to the Fund or the Sub-Fund or any investor of the Fund or the Sub-Fund for any profit or benefit made or derived thereby or in connection therewith. It is, therefore, possible that any of the Manager and the Trustee and Custodian or their Connected Persons may, in the course of business, have potential conflicts of interest with the Sub-Fund.

Each of the Manager and the Trustee and Custodian or their Connected Persons will, at all times, have regard in such event to its obligations to the Sub-Fund and the investors and will endeavour to ensure that such conflicts are resolved fairly.

The Manager has an established policy in relation to the identification and monitoring of potential conflicts of interest scenarios. There are functional separation of different areas of operations to control the flow of information that may be confidential and/or price sensitive. Computer and information system with appropriate access controls have been put in place by the Manager. Key duties and functions are segregated among different departments. The Manager has adopted trading policies which are designed to ensure the fair allocation of investment opportunities among funds, investment vehicles or accounts that the Manager manages or advises. A designated risk management and portfolio control team and compliance team of the Manager will monitor the implementation of such trading policies and dealing procedures with overall monitoring by the senior management of the Manager.

The Trustee and Custodian will keep and maintain proper books of accounts, records and documents for each fund or scheme under their trusteeship and segregate the assets of different funds or schemes. The Trustee and Custodian will keep data and information in relation to the portfolio of each fund/scheme confidential.

The Manager, the Trustee and Custodian shall act in a reasonable and prudent manner when handling any potential conflict of interest situation and take into account the interest of Unitholders and their respective clients.

No person may be allowed to enter on behalf of the Sub-Fund into underwriting or sub-underwriting contracts without the prior consent of the Trustee and unless the Sub-Fund or the Manager provides in writing that all commissions and fees payable to the Manager under such contracts, and all investments acquired pursuant to such contracts, will form part of the Sub-Fund's assets.

If cash forming part of the Sub-Fund's assets is deposited with the Trustee/ the Custodian, the Manager, investment delegate or any of their Connected Persons (being an institution licensed to accept deposits), such cash deposit shall be maintained in a manner that is in the best interests of the Unitholders, having regard to the prevailing commercial rate for a deposit of similar type, size and term negotiated at arm's length in accordance with ordinary and normal course of business.

All transactions carried out by or on behalf of the Sub-Fund will be executed at arm's length and in the best interests of the Unitholders. Any transactions between the Sub-Fund and the Manager, investment delegate or any of its Connected Person(s) as

principal may only be made with the prior written consent of the Trustee. All such transactions shall be disclosed in the Sub-Fund's annual report.

Neither the Manager, investment delegate nor any of their Connected Persons may retain cash or other rebates from a broker or dealer in consideration of directing transactions in the Sub-Fund's property to the broker or dealer save that goods and services (soft dollars) may be retained if:

- (a) the goods or services are of demonstrable benefit to the Unitholders;
- (b) transaction execution is consistent with best execution standards and brokerage rates are not in excess of customary institutional full-service brokerage rates;
- (c) adequate prior disclosure has been made in the Sub-Fund's offering document the terms of which the Unitholder has consented to;
- (d) periodic disclosure is made in the Sub-Fund's annual report in the form of a statement describing the soft dollar policies and practices of the Manager or investment delegate, including a description of the goods and services received by them; and
- (e) the availability of soft dollar arrangements is not the sole or primary purpose to perform or arrange transaction with such broker or dealer.

Goods and services falling within paragraph (a) above may include: research and advisory services, economic and political analysis, portfolio analysis, (including valuation and performance measurement), market analysis, data and quotation services, computer hardware and software incidental to the above goods and services, clearing and custodian services and investment-related publication. Such goods and services may not include travel, accommodation, entertainment, general administrative goods or services, general office equipment or premises, membership fees, employee salaries, or direct money payments.

In transacting with brokers or dealers connected to the Manager, investment delegate, the Trustee, the Custodian or any of their Connected Persons, the Manager shall ensure that it complies with the following obligations:

- (a) such transactions shall be on arm's length terms;
- (b) it shall use due care in the selection of brokers or dealers and ensure that they are suitably qualified in the circumstances;
- (c) transaction execution shall be consistent with applicable best execution standards;
- (d) the fee or commission paid to any such broker or dealer in respect of a transaction shall not be greater than that which is payable at the prevailing market rate for a transaction of that size and nature;

- (e) the Manager shall monitor such transactions to ensure compliance with its obligations; and
- (f) the nature of such transactions and the total commissions and other quantifiable benefits received by such broker or dealer shall be disclosed in the Sub-Fund's annual report.

TAXATION

The following summary regarding taxation are based on advice received by the Sub-Fund regarding the law and practice in force in Hong Kong at the date of this Prospectus. It is for information purposes only and is not intended to be an exhaustive list of all of the tax considerations that may be relevant to an investor. This summary does not constitute tax advice and does not purport to deal with the tax consequences applicable to every investor. Investors should note that the relevant tax laws, rules and practice may change (and may change on a retrospective basis), and therefore there is no guarantee that the following summary will continue to be applicable after the date of this Prospectus. Investors should seek independent professional tax advice if necessary.

Hong Kong

The Sub-Fund

The Sub-Fund is not expected to be subject to Hong Kong profits tax in respect of any of its authorized activities.

Pursuant to a remission order issued by the Secretary for Treasury on 20 October 1999, Hong Kong stamp duty payable on the transfer of Hong Kong stocks by an investor to the Sub-Fund in respect of allotment of Units, or by the Sub-Fund to an investor upon redemption of Units, would be remitted or refunded. Apart from the above, the sale and purchase of Hong Kong stocks by the Sub-Fund will respectively be subject to stamp duty in Hong Kong at the current rate of 0.13 per cent (0.13%) of the amount of the consideration or of its value on every sold note and every bought note. However, it is not the current intention of the Manager that the Sub-Fund will buy or sell Hong Kong stocks.

No Hong Kong stamp duty is payable by the Sub-Fund on issue or redemption of Units.

Unitholders

No tax will be payable by Unitholders in Hong Kong in respect of income distributions of the Sub-Fund or in respect of any capital gains arising on a sale, redemption or other disposal of Units, except that Hong Kong profits tax may arise where such transactions form part of a trade, profession or business carried on by the Unitholder in Hong Kong.

A transfer, sale or purchase of Units is not subject to Hong Kong stamp duty.

General

Investors should consult their professional financial, legal and tax advisers on the consequences to them of acquiring, holding, realizing, transferring or selling Units under the relevant laws of the jurisdictions to which they are subject, including the tax consequences, stamping and denoting requirements and any exchange control requirements. These consequences, including the availability of, and the value of, tax relief to investors will vary with the law and practice of the investors' country/region of citizenship, residence, domicile or incorporation and their personal circumstances.

GENERAL INFORMATION

Accounts and Reports

The Sub-Fund's financial year end is 31 December in each year. The first financial year of the Sub-Fund ended on 31 December 2009. Audited annual financial reports of the Sub-Fund containing information required in Appendix E of UTMF Code will be sent or made available from the Manager's website at (www.boci-pru.com.hk/english/etf/intro.aspx (for English), or www.boci-pru.com.hk/chinese/etf/intro.aspx (for Chinese)) (the Manager's website has not been reviewed by the SFC.) within four (4) months of the end of each financial year. Unaudited interim financial reports containing information required in Appendix E of UTMF Code up to the last Dealing Day in June each year will be available from the same website within two (2) months of the end of the period which they cover. Hard copies of these financial reports may also be obtained from the Manager free of charge. Unitholders will be notified by way of an announcement of the means of getting access to the financial reports as and when the financial reports are issued and available. Unitholders will be given at least one (1) month's prior notice of any change to the mode of delivery of these financial reports. Such reports will contain a statement of the value of the net assets of the Sub-Fund and the investments comprising its portfolio and will be published in both English and Chinese.

Publication of Information Relating to the Sub-Fund

The Manager shall publish the following information in both English and Chinese languages in respect of the Sub-Fund on its website (www.boci-pru.com.hk/english/etf/intro.aspx (for English) or www.boci-pru.com.hk/chinese/etf/intro.aspx (for Chinese)), including :

- this Prospectus (as amended and supplemented from time to time);
- the latest available Product Key Facts Statement of the Sub-Fund;
- the latest annual and interim financial reports of the Sub-Fund;
- any public announcements made by the Sub-Fund, including information in relation to the Sub-Fund and the SSE 50, notices of the suspension of the calculation of Net Asset Value, changes in fees and charges and the suspension and resumption of trading of Units;
- full holdings of the Sub-Fund (updated on each Dealing Day);

- the last Net Asset Value per Unit and Net Asset Value of the Sub-Fund (updated on each Dealing Day);
- the real-time or near real-time indicative NAV per Unit throughout each Dealing Day*;
- the latest list of Participating Dealer(s) and link to latest list of market makers;
- the Sub-Fund's A Shares' holdings, to be updated at the close of business of every Dealing Day;
- the past performance information of the Sub-Fund;
- the tracking difference and tracking error information of the Sub-Fund; and
- the compositions of distributions (i.e. the relative amounts paid out of (i) net distributable income and (ii) capital) for the last 12 months.

Removal and Retirement of the Trustee and the Manager

(a) The Trustee

- (i) Subject to the prior written approval of the SFC, the Trustee may retire from office by giving not less than ninety (90) days' written notice (or such shorter period of notice as the SFC may approve) to the Unitholders PROVIDED THAT adequate arrangements have been made for another trustee approved by the SFC to assume responsibility for the administration of the Sub-Fund and for the Trustee's interest in the Sub-Fund to be transferred to that trustee.
- (ii) Subject to the prior written approval of the SFC, the Manager may by giving not less than ninety (90) days' prior notice (or such shorter period of notice as the SFC may approve) in writing to the Trustee remove the Trustee from the trusteeship of the Sub-Fund and appoint any other company qualified to act as trustee under the proper law of the Sub-Fund in its place by deed entered into by the Manager and the new trustee. The removal of the Trustee and the appointment of its successor shall take effect simultaneously.

(b) The Manager

Subject to the approval of the SFC, the Manager shall be subject to removal by three (3) months' notice in writing from the Trustee in either of the following events:

- (a) the Manager goes into liquidation, becomes bankrupt or has a receiver appointed over its assets; or
- (b) for good and sufficient reason, the Trustee states in writing that a change in Manager is desirable in the interests of the Unitholders; or
- (c) Unitholders representing at least 50% in value of the Units outstanding, deliver to the Trustee a written request to dismiss the Manager.

If the authorization of the Manager to act as the investment manager of the Fund or the relevant Sub-Fund is withdrawn by the SFC, the Manager's appointment under the Trust Deed shall be terminated as at the date on which the SFC's withdrawal of authorization becomes effective. In the event that the Manager is removed by the Trustee under the circumstances mentioned above, a new manager shall be appointed with the approval of the SFC.

Termination of the Fund or the Sub-Fund

1. The Sub-Fund shall terminate upon the termination of the Fund. The Fund shall continue for a period of eighty (80) years from the date of the Trust Deed or until it is terminated in one of the ways set out below.
2. The Fund may be terminated by the Trustee by notice in writing as hereinafter provided if:
 - (a) the Manager shall go into liquidation or if a receiver is appointed over any of their assets and not discharged within sixty (60) days;
 - (b) in the opinion of the Trustee, the Manager shall be incapable of performing or shall in fact fail to perform their duties satisfactorily or shall do any other thing which in the opinion of the Trustee is calculated to bring the Fund into disrepute or to be harmful to the interests of the Unitholders;
 - (c) the Fund shall cease to be authorized pursuant to the Securities and Futures Ordinance or if any law shall be passed which renders it illegal or in the opinion of the Trustee impracticable or inadvisable to continue the Fund; or
 - (d) the Manager shall have ceased to be the Manager and, within a period of thirty (30) days thereafter, no other qualified corporation shall have been appointed by the Trustee as a successor Manager.

3. The Fund and/or the Sub-Fund and/or any classes of Units relating to the Sub-Fund (as the case may be) may be terminated by the Manager in its absolute discretion by notice in writing as hereinafter if :
- (a) at any time one year after the establishment thereof, in relation to the Fund, the aggregate Net Asset Value of all Units outstanding hereunder shall be less than HK\$100,000,000 or, in relation to the Sub-Fund, the aggregate Net Asset Value of the Units of the relevant classes outstanding hereunder shall be less than HK\$100,000,000;
 - (b) the Sub-Fund shall cease to be authorized pursuant to the Securities and Futures Ordinance;
 - (c) any law shall be passed which renders it illegal or in the opinion of the Manager impracticable or inadvisable to continue the Fund and/or the Sub-Fund;
 - (d) the SSE 50 is no longer available for benchmarking, unless the Manager and the Trustee agree that it is possible, feasible, practicable and in the best interests of the Unitholders to substitute another index for the SSE 50;
 - (e) the Units of the Sub-Fund are no longer listed on the SEHK or other securities market;
 - (f) the Fund and/or the Sub-Fund ceases to have any Participating Dealer;
or
 - (g) the Trustee have notified the Manager of its desire to retire as Trustee and the Manager shall be unable to find a qualified corporation to act as trustee in place of the Trustee in accordance with the terms of the Trust Deed.

Notice will be given to Unitholders if the Fund or the Sub-Fund is terminated under the above circumstances. Such notice will be submitted to the SFC for prior approval.

Arrangements in Handling Unclaimed Proceeds

Upon the Sub-Fund being terminated, the Trustee shall from time to time distribute to the Unitholders of Units of the class relating to the Sub-Fund being terminated in proportion to their respective interests in such Sub-Fund all net cash proceeds derived from the redemption of the Sub-Fund and available for the purposes of such distribution, PROVIDED THAT any unclaimed proceeds or other cash held by the Trustee under the provisions of Clause 24.05 of the Trust Deed may at the expiration of twelve months from the date upon which the same were payable be paid into court subject to the right of the Trustee to deduct therefrom any expenses it may incur in making such payment.

Trust Deed

The Fund was established under Hong Kong law by a trust deed dated 11 July 2007 (as may be amended, modified or supplemented from time to time). All holders of Units of the Sub-Fund are entitled to the benefit of, are bound by and are deemed to have notice of the provisions of the Trust Deed. Pursuant to a deed of retirement and appointment of trustee dated 3 September 2019, Cititrust Limited was appointed as the Trustee of the Fund and the Sub-Fund in place of BOCI-Prudential Trustee Limited with effect from 3 December 2019.

The Trust Deed contains provisions for the indemnification of the Trustee and the Manager and their relief from liability in certain circumstances. Unitholders and intending applicants are advised to consult the terms of the Trust Deed. In the event of any conflict between any of the provisions of this Prospectus and the Trust Deed, the provisions of the Trust Deed prevail.

Modification of Trust Deed

The Trustee and the Manager, without consulting Unitholders, shall be entitled by deed supplemental thereto to modify, alter or add to the provisions of the Trust Deed in such manner and to such extent as they may consider expedient for any purpose, PROVIDED THAT the Trustee shall certify in writing that in its opinion such modification, alteration or addition:

- (a) is necessary to make possible compliance with fiscal or other statutory, regulatory or official requirements; or
- (b) does not materially prejudice the interests of the relevant Unitholders, does not operate to release to any material extent the Trustee or the Manager or any other person from any liability to the relevant Unitholders and does not increase in the amount of costs and charges payable from the assets of the Sub-Fund; or
- (c) is necessary to correct a manifest error.

In all other cases involving any material changes, no alteration shall be made except by an extraordinary resolution of Unitholders or the approval of the SFC.

Meetings of Unitholders

The Trust Deed provides for meetings of Unitholders to be convened by the Trustee or the Manager upon at least 21 days' notice. Notices of meetings of Unitholders will be posted to Unitholders.

Proxies may be appointed. A Unitholder who is the holder of two or more Units may appoint more than one proxy to represent him and vote on his behalf at any meeting of the Unitholders. If a clearing house (or its nominee(s)), being a corporation, is a Unitholder, it may authorise such persons as it thinks fit to act as its representatives at any meeting of the Unitholders provided that, if more than one person is so authorised, the authorisation shall specify the number and class of Units in respect of which each such representative

is so authorised. Each person so authorised shall be deemed to have been duly authorised without further evidence of the facts and shall be entitled to exercise the same rights and powers on behalf of the clearing house (or its nominee(s)) as if such person were the registered Unitholder of the Units held by the clearing house (or its nominee(s)), including the right to vote individually on a show of hands.

The quorum at Unitholders' meetings is Unitholders present in person or by proxy holding not less than ten per cent (10%) (or, in relation to a resolution proposed as an extraordinary resolution, twenty five per cent (25%)) of the Units in issue. If a quorum is not present, the meeting will be adjourned for not less than fifteen (15) days, and at an adjourned meeting Unitholders whatever their number or the number of Units held by them will form a quorum.

An extraordinary resolution is required under the Trust Deed for certain purposes and is a resolution proposed as such and passed by a majority of seventy-five per cent (75%) of the total number of votes cast.

The Trust Deed contains provisions for the holding of separate meetings of Unitholders holding different classes of Units where only the interests of Unitholders of a particular class are affected.

The Trust Deed provides that at any meeting of Unitholders, on a show of hands, every Unitholder who (being an individual) is present in person or (being a partnership or corporation) is present by an authorized representative shall have one vote and, on a poll, every Unitholder who is present as aforesaid or by proxy shall have one vote for every Unit of which he is the holder.

Documents Available for Inspection

Copies of the Trust Deed, Service Agreement, Participation Agreement(s) and the latest annual and interim reports (if any) are available for inspection free of charge at any time during normal business hours on any day (excluding Saturdays, Sundays and public holidays) at the office of the Manager, 27/F., Bank of China Tower, 1 Garden Road, Central, Hong Kong. Copies of these documents can be purchased from the Manager on payment of a reasonable fee.

Anti-Money Laundering Regulations

As part of the Trustee's and the Manager's responsibility for the prevention of money laundering, they may require a detailed verification of an investor's identity and the source of the payment of any subscriptions. Depending on the circumstances of each application, a detailed verification might not be required where:

- (i) the applicant makes the payment from an account held in the applicant's name at a recognized financial institution; or
- (ii) the application is made through a recognized intermediary.

These exceptions will only apply if the financial institution or intermediary referred to above is within a country/region recognized as having sufficient anti-money laundering regulations.

The Trustee and the Manager reserve the right to request such information as is necessary to verify the identity of an applicant and the source of the payment. In the event of delay or failure by the applicant to produce any information required for verification purposes, the Trustee and/or the Manager may refuse to accept the application and the application moneys relating thereto.

Enquiries and Complaints

Unitholders wishing to make an enquiry or complaint about the Sub-Fund should contact the Manager, BOCI-Prudential Asset Management Limited, at 27th Floor, Bank of China Tower, 1 Garden Road, Central, Hong Kong or call the Manager's enquiry hotline at (852) 2280 8697. Customer services officers of the Manager shall address any enquiries or complaints, by verbal or written form depending on the nature of enquiries or complaints received about the Sub-Fund received as soon as reasonably practicable.

NOTICE TO INVESTORS RELATING TO APPENDICES

Investors should note that while the Manager has exercised reasonable care in compiling the information set out in Appendices I, II, III and IV such information is based on publicly available documents that have not been prepared or independently verified by the Manager/Listing Agent, the Trustee or any advisers in connection with the offering and listing of the Sub-Fund.

APPENDIX I

A SHARE MARKET IN THE PRC

In the PRC, shares are classified into different categories according to ownership, two of which are A Shares and B shares. A Shares are further classified into state shares, legal person shares and individual shares. Only individual shares under the A Share category can be publicly transferred and traded on the stock exchanges in Shanghai and Shenzhen whereas state shares and legal person shares are not allowed to trade freely on the stock exchanges. A Shares were initially designed for domestic PRC investors only, but from December 2002 onwards, foreign institutions which are approved as QI (or the then QFII) are permitted to invest directly in the A Share market.

Both the Shanghai Stock Exchange and the Shenzhen Stock Exchange are regulated by the China Securities Regulatory Commission. Both exchanges are open from Monday to Friday each week. For the morning session, the period from 9.15 am to 9.25 am is for centralized competitive pricing and the period from 9.30 am to 11.30 am is for consecutive bidding. For the afternoon session, the period from 1.00 pm to 3.00 pm is for consecutive bidding. The stock exchanges are closed on Saturdays and Sundays and other holidays announced by the stock exchanges.

The CSDCC, CCDC, SCH and CFFEX are responsible for the central depository, registration and clearing of the A Shares and other listed securities or other financial instruments permitted under the QI regime.

A company applying for listing on the Shanghai Stock Exchange or the Shenzhen Stock Exchange must meet the relevant criteria prescribed under the prevailing PRC laws and regulations.

The daily price fluctuations of A Shares are limited to 10% in both directions of the closing price on the previous day. Where there is abnormal financial position or other abnormal situations of a listed company which exposes the listed company to the risk that listing of its shares is likely to be terminated or makes investors unable to judge its prospects and therefore their rights and interests may be adversely affected, the stock exchange may put the shares of such company under special treatment. The special treatment is classified into risk alert that a listing could be terminated (i.e. **delisting risk alert**) and special treatment for other reasons.

Where a listed company is under circumstances of delisting risk such as :

- (a) the company suffers losses for the last two consecutive years;
- (b) the company is ordered by the CSRC to correct serious errors or falsehoods in its financial report but fails to make corrections within the specified time limit and trading in its shares has been suspended for two months; or
- (c) the court accepts the company's bankruptcy case and is likely to declare the company bankrupt,

the stock exchange will issue a delisting risk alert on the shares of the company, as a result of which the short name of the company will be prefixed by “*ST” and the daily up and down limit will be reduced to 5%.

Where a listed company is under circumstances deemed abnormal by the stock exchange such as:

- (a) the shareholders’ equity interest for the last fiscal year is negative as shown in the auditor’s report;
- (b) principal facilities suffer severe damage as a result of natural disasters or serious accidents, and business activities are seriously affected and unlikely to return to normal within three months;
- (c) principal bank account is frozen; or
- (d) board of directors is unable to convene meetings and comes to resolutions,

the shares of the company will be put under “special treatment for other reasons” , as a result of which the short name of the company will be prefixed by “ST” and the daily up and down limit will be reduced to 5%.

A company’s listing on the Shanghai Stock Exchange or the Shenzhen Stock Exchange may be suspended in a number of circumstances, including :

- (a) after the company is put under delisting risk alert as a result of losses for the last two consecutive years, its first annual audit report continues to reveal losses;
- (b) within two months after the company is put under delisting risk alert as a result of failure to correct its financial report, it still fails to correct its financial report as required;
- (c) within two months after the company is put under delisting risk alert as a result of failure to disclose annual report or half-yearly report, it still fails to disclose its annual or half-yearly report.

Where the circumstances are considered particularly serious and where a particular circumstance cannot be rectified, the listing of a company may be terminated.

For further information, investors may visit the website of the Shanghai Stock Exchange (www.sse.com.cn) and the website of the Shenzhen Stock Exchange (www.szse.cn). These websites have not been reviewed by the SFC.

Shanghai Stock Exchange

The Shanghai Stock Exchange was founded on 26 November 1990 and has been in operation since 19 December 1990. The Shanghai Stock Exchange has become the most preeminent stock market in the PRC in terms of the number of listed companies, number of shares listed, total market value, tradable market value, securities turnover in value and the T-bond turnover in value. As at 11 April 2023, there was a total of

2202 listed companies and total market capitalization of approximately RMB 50.60 trillion.

Shanghai-Hong Kong Stock Connect

The Shanghai-Hong Kong Stock Connect is a securities trading and clearing linked program developed by Hong Kong Exchanges and Clearing Limited (“**HKEx**”), Shanghai Stock Exchange and CSDCC, with an aim to achieve mutual stock market access between mainland China and Hong Kong.

The Shanghai-Hong Kong Stock Connect comprises a Northbound Trading Link and a Southbound Trading Link. Under the Northbound Trading Link, Hong Kong and overseas investors (including the Sub-Fund), through their Hong Kong brokers and a securities trading service company to be established by the SEHK, may be able to trade eligible shares listed on Shanghai Stock Exchange by routing orders to Shanghai Stock Exchange.

Eligible securities

Hong Kong and overseas investors are able to trade certain stocks listed on the SSE market (i.e. “**SSE Securities**”). These include all the constituent stocks from time to time of the SSE 180 Index and SSE 380 Index, and all the SSE-listed A Shares that are not included as constituent stocks of the relevant indices but which have corresponding H Shares listed on SEHK, except the following:

- (a) SSE-listed shares which are not traded in RMB; and
- (b) SSE-listed shares which are included in the “risk alert board”.

It is expected that the list of eligible securities will be subject to review.

Trading day and trading hours

Information relating to trading day and trading hours for trading SSE Securities through Shanghai-Hong Kong Stock Connect can be found on the HKEx website.

Trading quota

Trading under Shanghai-Hong Kong Stock Connect is currently subject to a Daily Quota which is monitored by SEHK and Shanghai Stock Exchange respectively. The Daily Quota limits the maximum net buy value of cross-boundary trades under Shanghai-Hong Kong Stock Connect each day. The quotas do not belong to the Sub-Fund and are utilised on a first-come-first-serve basis. The Northbound Daily Quota is set at RMB52 billion for Shanghai-Hong Kong Stock Connect.

SEHK will monitor the quota and publish the remaining balance of the Northbound Daily Quota at scheduled times on the HKEx website at www.hkex.com.hk (this website has not been reviewed by the SFC). The Daily Quota may change in future. The Manager will not notify investors in case of a change of quota.

Settlement and Custody

The HKSCC, a wholly-owned subsidiary of HKEx, will be responsible for the clearing, settlement and the provision of depository, nominee and other related services of the trades executed by Hong Kong market participants and investors.

The A Shares traded through Shanghai-Hong Kong Stock Connect are issued in scripless form, so investors will not hold any physical A Shares. Hong Kong and overseas investors who have acquired SSE Securities through Northbound trading should maintain the SSE Securities with their brokers' or custodians' stock accounts with CCASS.

Corporate actions and shareholders' meetings

Same as for SEHK-listed securities, corporate action information of SSE Securities will be available through CCASS, via the existing nominee related enquiry functions and reports.

Hong Kong and overseas investors may cast their votes by providing instructions to HKSCC through their CCCPs.

Companies listed on the Shanghai Stock Exchange usually announce information regarding annual general meetings and extraordinary general meetings two to three weeks before the meeting date. HKSCC will inform CCASS Participants of the details of general meetings such as the meeting date, time and the number of proposed resolutions. CCASS Participants who have the relevant holdings in their stock accounts (for themselves or as agents for the underlying investors) as at the record date may provide HKSCC with instructions on how to cast their votes via CCASS's existing voting functions.

Foreign shareholding restrictions

Under current PRC rules, a single foreign investor's shareholding in a listed company is not allowed to exceed 10% of the company's total issued shares, while all foreign investors' shareholding in the A Shares of a listed company is not allowed to exceed 30% of its total issued shares.

SSE Securities purchased through Shanghai-Hong Kong Stock Connect will be considered in totality with those purchased by QI (or the then QFII and RQFII), and subject to the same foreign shareholding restriction. Should the shareholding of a single investor in an A Share listed company exceed the above restriction, the investor would be required to unwind his position on the excessive shareholding according to a last-in-first-out basis within a specific period. If the 30% threshold is exceeded due to Shanghai-Hong Kong Stock Connect, HKEX will identify the relevant SEHK Participant and require it to follow the forced-sale requirements.

Currency

Hong Kong and overseas investors will trade and settle SSE Securities in RMB only. Hence, the Sub-Fund will need to use RMB to trade and settle SSE Securities.

Trading fees and taxes

In addition to paying trading fees and stamp duties in connection with A Share trading, the Sub-Fund may be subject to new fees, dividend tax and tax concerned with income arising from stock transfers which are yet to be determined by the relevant authorities.

Further information about the Shanghai-Hong Kong Stock Connect is available online at the website: www.hkex.com.hk/eng/csm/chinaConnect.asp?LangCode=en. This website has not been reviewed by the SFC.

APPENDIX II

THE SSE 50 INDEX (“SSE 50”)

The SSE 50 is an index composed of 50 constituent stocks listed on the Shanghai Stock Exchange with large market capitalization and good liquidity. It is estimated that as of 11 April 2023, the 50 constituent stocks of the SSE 50 represent around 31.76% of the total market capitalisation of the Shanghai Stock Exchange. The objective of the SSE 50 is to reflect the performance of leading enterprises in the Shanghai Stock Exchange. The SSE 50 is a free-float market capitalisation weighted index. The Shanghai Stock Exchange has appointed China Securities Index Co., Ltd., a joint venture between the Shenzhen Stock Exchange and Shanghai Stock Exchange, to manage the SSE 50. China Securities Index Co., Ltd. is independent of the Manager. The SSE 50 was formally launched on 2 January 2004.

The Sub-Fund is not in any way endorsed, sold, sponsored or promoted by the Shanghai Stock Exchange, China Securities Index Co., Ltd. or the SEHK. The Shanghai Stock Exchange, the SEHK and China Securities Index Co., Ltd. make no warranty or representation whatsoever, expressly or impliedly, either as to the results of the use of the SSE 50. The SSE 50 is calculated by or on behalf of China Securities Index Co., Ltd. which will adopt all necessary measures to ensure the accuracy of the SSE 50. However, the Shanghai Stock Exchange, China Securities Index Co., Ltd. and the SEHK shall not be liable (whether in negligence or otherwise) to any person for any error in the SSE 50 and shall not be under any obligation to advise any person or any error therein. The SSE 50 is owned by the Shanghai Stock Exchange.

Below is a brief summary of the basic information, selection criteria, selection methodology and maintenance of the SSE 50 as of the date of publication of this Prospectus. Such information is subject to revision from time to time by the Shanghai Stock Exchange and China Securities Index Co., Ltd. and before making investment decisions, investors should refer to the website of the Shanghai Stock Exchange (www.sse.com.cn) and the China Securities Index Co., Ltd. (www.csindex.com.cn) for the latest version of such information. These websites have not been reviewed by the SFC.

List of Constituent Stocks

The list of constituent stocks of the SSE 50 with their respective weightings are available on the website of China Securities Index Co., Ltd. (www.csindex.com.cn) (this website has not been reviewed by the SFC). Investors should note that the list of constituent stocks of the SSE 50 may be updated from time to time.

2. Selection of Constituent Stocks

Stock Universe

The constituent stocks of the SSE 50 are selected from the SSE 180 Index constituent stocks. The SSE 180 Index is an index consisting of 180 constituent stocks also compiled and managed by China Securities Index Co., Ltd. The stock universe of the SSE 180 Index includes Non-ST or *ST stocks and CDRs issued by red-chip enterprises listed on the Shanghai Stock Exchange, and meets the following requirements:

- (1) Shanghai Stock Exchange Science and Technology Innovation Board securities: the listing time is more than one year.

- (2) Other securities: the listing time is more than one quarter unless the average daily total market value of a security since its initial listing is ranked top 18 in the Shanghai Stock Exchange.

For details of the constituent stocks of the SSE 180 Index, please refer to the website of the Shanghai Stock Exchange (www.sse.com.cn) and the website of the China Securities Index Co., Ltd. (www.csindex.com.cn). These websites have not been reviewed by the SFC.

Selection Methodology

Rank securities in the universe by average daily trading value and average daily total market capitalization over the past year in descending order and select the top 50 securities except those show exceptional market evidence and evaluated as inappropriate by Index Advisory Committee.

3. Calculation of the SSE 50

Calculation Formula

The SSE 50 is calculated according to the following formula:

$$\text{Current Index} = \frac{\text{Current total adjusted market cap}}{\text{Divisor}} \times \text{Base value}$$

Where:

Current total adjusted market cap = \sum (security price \times number of free float adjusted shares)

For details of the calculation of number of free float adjusted shares, please refer to Equity Indices Calculation and Maintenance Methodology which is available on the website of China Securities Index Co., Ltd. (www.csindex.com.cn). This website has not been reviewed by the SFC.

4. Index Maintenance

The SSE 50 is maintained by using the "divisor adjustment methodology", whereby in the event of a change in constituent list or a capital change in the constituents, or constituents' market value fluctuates due to non-trading factors, the divisor is adjusted to prevent the discontinuities in the SSE 50.

For details, please refer to Equity Indices Calculation and Maintenance Methodology of the Index Provider.

5. Adjustments to Constituent Stocks and Index Weights

5.1 Periodical Review

The SSE 50 is adjusted and rebalanced semi-annually and the adjustment will be effective as of the next trading day after the second Friday in June and December each year.

The number of constituent stocks adjusted at each periodical review will not exceed 10%. The SSE 50 adopts buffer zone rules. New securities ranking top 40 will be given priority to add to the SSE 50 and old constituent stocks ranking top 60 will be given priority to remain in the SSE 50.

5.2 Ongoing Review

When special events occur, the Index Provider will review the SSE 50 accordingly. Delisted securities will be deleted from the constituent stocks. Please refer to Index Calculation and Maintenance Methodology for further details. The total market value of newly issued securities (total market value = issue price × total shares) is compared with the average daily total market value of Shanghai securities over the past year, which is until the date of IPO listing announcement. Newly issued securities, which qualify the index universe, ranked top 10 among all Shanghai securities in terms of total market capitalization adopt the fast-entry index rule. It means they will be included in the SSE 50 at the end of their tenth trading day, and the bottom ranked original sample will be excluded in terms of total market value and total trade value of the past year. The fast-entry index rule cannot apply to the securities listed on the Science and Technology Innovation Board.

APPENDIX III

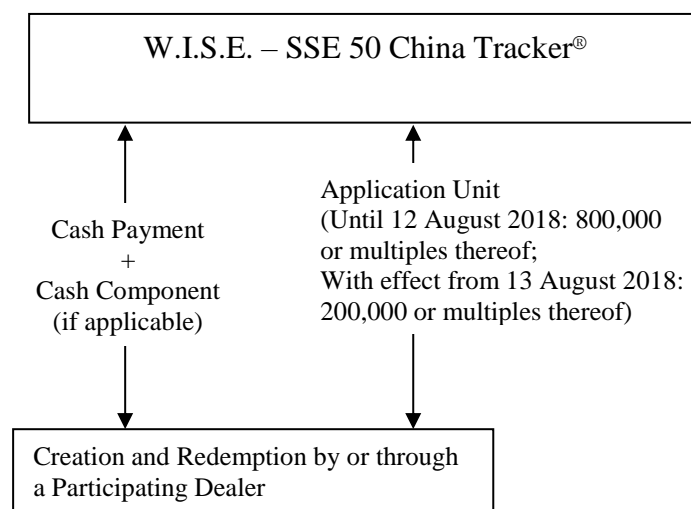

OPERATION OF THE SUB-FUND

Creation and Redemption of Units

Only Participating Dealer(s) can apply to create or redeem Units directly with the Sub-Fund. An investor (other than the Participating Dealer(s)) may only make a request to create or redeem Units through a Participating Dealer, and if the investor is a retail investor, such request must be made through a stockbroker which has opened an account with the relevant Participating Dealer. However, such investor shall pay the subscription proceeds plus any fees and charges charged by the relevant Participating Dealer to, or receive the redemption proceeds (i.e. the Redemption Price multiplied by the number of Units redeemed minus any fees and charges charged by the relevant Participating Dealer) from, the relevant Participating Dealer in cash only. The Manager shall receive subscription proceeds for the creation of Units and pay redemption proceeds for the redemption of Units in such form and manner as prescribed by the Trust Deed. The relevant Participating Dealer should ensure that the relevant Application shall comply with the requirements for an Application for creation or redemption of Units set out in the Trust Deed. Each Participating Dealer may charge such fees as it may reasonably determine from time to time for submitting an Application on behalf of a retail investor.

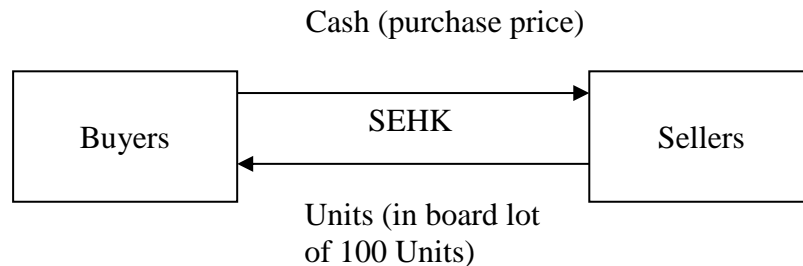

Investor should note that the dealing procedures for creation and redemption of Units through the relevant Participating Dealer or a stockbroker may be different from those set out for the Sub-Fund in this Prospectus. For example, the dealing deadline set by the relevant Participating Dealer(s) or the stockbroker may be earlier than that set out for the Sub-Fund in this Prospectus. Investors should therefore check the applicable dealing procedures with the relevant Participating Dealer or the stockbroker (as the case may be).

The diagram below illustrates the creation and redemption of Units :

Trading of Units on the SEHK

An investor can buy or sell the Units through his stockbroker on the SEHK. The diagram below illustrates the trading of Units on the SEHK :

No money should be paid to any intermediary in Hong Kong which is not licensed for Type 1 regulated activity under Part V of the Securities and Futures Ordinance.

Subject to applicable regulatory requirements, the Manager intends to ensure that there is at least one market maker for the Sub-Fund to facilitate efficient trading. A market maker is a broker or a dealer permitted by the SEHK to act as such by making a market for the Units in the secondary market on the SEHK. A market maker is obliged to quote bid prices to potential sellers and offer prices to potential buyers when there is a wide spread between the prevailing bid prices and offer prices for Units on the SEHK in order to facilitate the efficient trading of Units by providing liquidity in the secondary market when it is required in accordance with the market making requirements of the SEHK. The list of market makers in respect of the Sub-Fund will be displayed on SEHK’s website (www.hkex.com.hk). This website has not been reviewed by the SFC.

Participating Dealer(s)

The role of the Participating Dealer is to apply to create and redeem Units in the Sub-Fund from time to time.

The Manager has the right to appoint the Participating Dealers for the Sub-Fund. The criteria for the eligibility and selection of Participating Dealers by the Manager is as follows: (i) the Participating Dealer must be licensed for at least Type 1 regulated activity pursuant to the Securities and Futures Ordinance with a business presence in Hong Kong; (ii) the Participating Dealer must be acceptable to the Trustee; and (iii) the Participating Dealer and its agent(s) (if any) must be acceptable to the Manager, and the Participating Dealer and/or its agent(s) must be duly authorized CCASS participant(s).

Currently, the Sub-Fund has six Participating Dealers, UBS Securities Hong Kong Limited (“**UBSS HK**”), Credit Suisse Securities (Hong Kong) Limited (“**CSS HK**”), KGI Asia Limited (“**KGIA**”), Citigroup Global Markets Asia Limited (“**CGMA**”), Mirae Asset Securities (HK) Limited (“**MASHK**”) and Haitong International Securities Company Limited (“**HTISCL**”).

UBSS HK is a company incorporated in Hong Kong and its main business address is 47-52 Floors, Two International Finance Centre, 8 Finance Street, Central, Hong Kong. UBSS HK is a licensed corporation authorized to carry on Types 1, 2, 6 and 7 regulated activities in Hong Kong pursuant to the Securities and Futures Ordinance. UBSS HK is a wholly-owned subsidiary of UBS AG.

CSS HK is a company incorporated in Hong Kong having its office at 87-92/F, 97-99/F, Unit 9501A&B, 9502A&B, 9503 and 9508, International Commerce Centre, 1 Austin Road West, Kowloon, Hong Kong. CSS HK is licensed to carry out Types 1, 4 and 7 regulated activities in Hong Kong under the Securities and Futures Ordinance. CSS HK is a wholly-owned subsidiary of Credit Suisse (International) Holding AG and the ultimate parent is Credit Suisse Group AG.

APPENDIX IV

FEES AND CHARGES APPLICABLE TO THE SUB-FUND

Management Fee and Servicing Fee

The Manager is entitled to receive a management fee, currently at the following rates accrued daily and calculated as at each Dealing Day and payable monthly in arrears : (a) 0.89 per cent per annum for the first HK\$780 million of the Net Asset Value of the Sub-Fund; and (b) 0.99 per cent per annum for the portion of the Net Asset Value of the Sub-Fund which is in excess of HK\$780 million.

In addition, the Manager is also entitled to receive a servicing fee but currently intends to waive the servicing fee.

Registrar's Fee and Service Agent's Fee

The Manager shall bear the Registrar's fees. Fees chargeable by the Service Agent shall be borne by the Manager and the Participating Dealer(s), the details of are set out in the table under the "Fees Payable by Participating Dealers" section below.

Capital Gain Tax and Distribution Tax

PRC Tax

(a) Corporate Income Tax ("CIT"):

Under the prevailing PRC CIT Law, gains derived by a non-resident from the trading of A Shares would be subject to PRC withholding income tax ("WIT") unless exempted under tax law and/or an applicable tax treaty.

Capital Gain Tax and Distribution Tax

The Sub-Fund is the ultimate party which bears the risks relating to the following taxes if they are so levied by the PRC tax authority: (a) WIT on the capital gain derived from the PRC investment (the "**Capital Gain Tax**") and (b) WIT on dividend /distribution income derived from the PRC investment (the "**Distribution Tax**"), the details of which are set out below.

Capital Gain Tax

On 14 November 2014, the Ministry of Finance of the PRC, the State Administration of Taxation of the PRC and the CSRC issued "Caishui [2014] No. 79 - The Circular Concerning the issue of temporary exemption from the imposition of capital gain tax arising from gains from the transfer of equity investment assets such as PRC domestic shares by QFII and RQFII" ("**Circular 79**").

Pursuant to Circular 79, effective from 17 November 2014, capital gains derived by a QFII or RQFII (i.e. QI under the QI Rules and Regulations) from trading of A Shares

are temporarily exempt from withholding tax, provided that the capital gains are not effectively connected with any permanent establishment (if any) that the then QFII or RQFII (or currently the QI) has in China; such exemption, however, will not apply to capital gains derived by the then QFII or RQFII from transactions prior to 17 November 2014.

Pursuant to “Caishui [2014] No. 81 – The Circular on Issues Relating to the Tax Policy of the Pilot Inter-connected Mechanism for Trading on the Shanghai and Hong Kong Stock Markets” (“**Circular 81**”), effective from 17 November 2014, Hong Kong market investors, both enterprises and individuals, investing in A Shares via Shanghai-Hong Kong Stock Connect are temporarily exempted from income tax on capital gains derived from the sales of A Shares traded in the Shanghai Stock Exchange.

According to Circular 81, the latest Capital Gain Tax provisioning approach is as follows.

Based on professional and independent tax advice, the Sub-Fund currently will not set aside any Capital Gain Tax provision derived from the gains from trading of A Shares by the Sub-Fund through that are SSE Securities via Shanghai-Hong Kong Stock Connect.

In respect of the Sub-Fund's investments in the AXP's (when it was a synthetic ETF) up to and including 16 November 2014, all the then AXP issuers had determined, agreed and settled with the Sub-Fund the relevant Capital Gain Tax liabilities by the mid-June of 2016.

As the Sub-Fund is the ultimate party which bears the risks relating to the Capital Gain Tax liability, any future changes in the taxation policies in respect of the Sub-Fund's investment in A Shares in the PRC will impact on the Sub-Fund's returns.

The Manager will assess the Capital Gain Tax provisioning approach on an on-going basis. Should the PRC tax policies in respect of the Capital Gain Tax change, the Manager may decide to set aside provision to meet any potential Capital Gain Tax liability in the future.

Distribution Tax

In respect of the Distribution Tax, to date, a 10% PRC withholding tax has been levied on dividend, distributions and interest payments from PRC listed companies to foreign investors. Pursuant to Circular 81, dividends from A Shares paid to Hong Kong market investors who invested in A Shares via Shanghai-Hong Kong Stock Connect, both enterprises and individuals, will continue to be subject to a withholding tax of 10%, and which is to be withheld at source. There is no assurance that the rate of the withholding tax will not be changed by the relevant PRC tax authority in the future.

(b) Value-added Tax (“VAT”) and surtaxes

In China, business tax was completely replaced by VAT starting from May 1, 2016. QI (or the then QFIIs) are exempted from VAT on securities trading activities in China

according to “Caishui [2016] No. 36 - The Circular on Comprehensively Promoting the Pilot Program of the Collection of Value-added Tax in Lieu of Business Tax” (“Circular 36”). According to Circular 81 and Circular 36, the Sub-Fund is exempted from VAT on A Share trading activities through Shanghai-Hong Kong Stock Connect.

(c) Stamp Duty

Stamp duty under the PRC laws generally applies to the execution and receipt of all taxable documents listed in the PRC’s Provisional Rules on Stamp Duty. Stamp duty is levied on the execution or receipt in China of certain documents, including contracts for the sale of A Shares traded on the PRC stock exchanges. In the case of contracts for sale of A Shares, such stamp duty is currently imposed on the seller but not on the purchaser, at the rate of 0.1%.

According to “Caishui [2016] No. 127 – The Circular on Issues Relating to the Tax Policy of the Pilot Inter-connected Mechanism for Trading on the Shenzhen and Hong Kong Stock Markets”, Hong Kong and overseas investors borrows and returns listed shares in relation to shares guarantee and short-selling through Shanghai-Hong Kong Stock Connect, will be exempt from stamp duty from 5 December 2016.

General Expenses

The costs of establishing the Sub-Fund, preparation of this Prospectus, seeking and obtaining SFC authorization as well as the SEHK listing and all initial legal and printing costs in respect of the Sub-Fund are not anticipated to exceed HK\$2,000,000. Such costs shall be amortized over the first accounting period of the Sub-Fund after consultation with the auditors of the Fund. The costs of calculating and publishing the estimated Net Asset Value of the Sub-Fund, if any, may be borne by the Sub-Fund.
